BAY ST. LOUIS, MISS., FRIDAY, OCTOBER 30, 1931.

FORTIETH YEAR, No. 44

### THE KING'S DAUGHTERS AND SONS HOLD ANNUAL CONVENTION THIS WEEK

Bay St. Louis Was Honored by the Visits of Workers of The Organization from all Parts of the State and Fine Sessions Featured The Meeting.

Bay St. Louis entertained the 31st annual convention of the Mississippi Branch of the International Order of the King's Daughters and Sons Monday, Tuesday and Wednesday of this week, at what was declared by many as one of the finest gatherings ever held by the order. The hospitality of the Coast people, the hearty welcome accorded the visitors, the cheerful cooperation given by every member of the local circle and the many friends, conspired to create a highly satisfying convention of which the city may be justly proud.

Mrs. A. F. Fournier, of Bay St. Louis, state president, presided over the first day's work with a fine convention over whose sessions she presided with efficiency, poise and grace. To the fine work of Mrs. E. J. Leonard, president of the local circle, is due much credit for local arrangements. The cooperation of the entire city was given to the success of the gathering, including everyone from Mayor Chas. Traub, Sr., to the children of the junior group of which two pages, Abbie Bourgeois and Alvin Canty.

At the final business session Wednesday morning three of the four state officers were re-elected, namely, Mrs. A. F. Fournier, Bay St. Louis, president; Mrs. Earl Brewer, Clarksdale, vice-president; and Miss Lucy McKay, Greenwood, secretary. The new officer is Mrs. F. C. Munson of Hattiesburg, treasurer, succeeding Mrs. V. T. McClelland, Jackson. Three of the four members of the executive board were re-elected, namely, Mrs. Phil C. Harding, Gulfport; Mrs. E. T. Clark, Cleveland; and Mrs. S. R. Geise, Greenville. Mrs. Geo. M. Hodges, Meridian, is the only honorary life member of the board. Mrs. E. L. Trenholm, Jackson, is the new board member.

Jackson was chosen as the convention city for 1932.

Guest of Honor

The guest of honor at the convention was Mrs. Walter Willis of New Orleans, recording secretary of the international order, and state president of Louisiana, an office she has held for the past ten years. She gave an address Monday night at the opening program in which she discussed Neglected Opportunities or Buried Talents, urging women to use their "little talents" and in proportion as they are blessed with native gifts to utilize them in the service of mankind for the glory of God. Her inspirational comments throughout the session were memorable of this lovely personality.

Mrs. A. F. Fournier in her annual message (which is printed elsewhere in the Echo in toto) expressed her pride in the work of the past year and looks forward to even greater work in the future. Junior work and young people's work have been her special effort.

Official welcomes at the opening program were given by Mrs. C. C. McDonald and Mayor Chas. Traub, Sr., of Bay St. Louis, and the response was made by Mrs. Archie Gordon. (Continued on page 3)

### REMODELED ECHO BLDG. IS FORMALLY FINISHED—ACCEPTED BY OWNER

Newspaper and General Service Building, Recently Reconstructed, Is Turned Over by Contractors and Accepted by Supervising Architects.

A conference of contractors and architects and owner resulted Monday morning in the formal completion and final acceptance of the newly-reconstructed Echo Bldg., located on the beach boulevard in the very heart of the business section, owned and operated by the Sea Coast Echo, originally constructed twenty-seven years ago.

Work on reconstructing the building was begun on November 3, 1930 and the finishing touches were put on the structure Saturday afternoon of last week. Monday morning the work of the contractors, Garcia and Carr, local builders and contractors, as well as that of sub-contractors was accepted by the designing and supervising architects, Messrs. Smith & Norwood, of Gulfport, who are at present doing five million dollars worth of work for the State of Mississippi, which includes the new insane asylum at Jackson.

The Echo Bldg., built for the Sea Coast primarily, was originally of satin pressed brick, manufactured by the Salem firm at Slidell. The building was designed by John Henry, architect at New Orleans, and built by Gaston G. Gardebled, Bay St. Louis builder and contractor, both deceased. The building was at that time the second brick business building in town, the Hancock County building.

### AMERICAN LEGION AUXILIARY DISTRICT MEETING, NOV. 3

Hattiesburg Will Be Host to District Conference; Mrs. C. S. Everts Announces Program.

A meeting of district 6 of the American Legion Auxiliary of which Bay St. Louis unit is a member, will be held at Hattiesburg, November 3, at the Y. W. C. A. building, Mrs. C. S. Everts of Gulfport, newly elected district president, announces. The meeting will open at 10 o'clock and continue through the early afternoon. There are 16 counties and 14 units included in the district, this covering the entire Coast area, and delegations from all Coast units are expected to attend.

Mrs. T. R. Warburton, president of the Mississippi State department, will be the guest speaker. There are a total of eight district meetings being held in the state and this at Hattiesburg will be the last of the group and Mrs. Warburton has attended each meeting.

Representative Robert S. Hall of Hattiesburg, a member of the Congressional committee appointed by President Herbert Hoover to direct activities throughout the United States for the Washington Bi-Centennial observance next year, has been invited by Mrs. Everts to address the district meeting at the luncheon hour discussing the Washington celebration plans.

The program announced by Mrs. Everts follows: Advancement of Colors, sergeant at arms of Hattiesburg unit; pledge of allegiance, led by the American Legion chairman of Playhouse unit; prayer, Mrs. W. T. Bolton of Biloxi, state department chaplain; reading of preamble, Prentiss unit; Star Spangled Banner; talk, Units and the Hospital, Mrs. Luther W. Maples, Mississippi City, state department hospital chairman; talk, Junior activities, Mrs. Roy McGee, Biloxi; address, Mrs. T. R. Warburton, Jackson, state department president; luncheon, 1 p. m.; business; membership, round table and questions; address, Mrs. C. S. Everts, Gulfport, district president; patriotic songs, led by Hattiesburg units; reports of units by unit presidents; I have Benefited by this Conference, general discussion; retirement of colors; adjournment.

### Waveland T. P. A.

Waveland Parent-Teachers' Association reports a total of 56 paid up members a fine increase over last year. Every patron and friend of the school is invited to join the organization. The next meeting will be Wednesday afternoon, November 4, at the close of school day. At that time the committee appointed last month to determine the books needed by the teachers for their pupils' work will make its report and the P. T. A. plans to purchase those books.

### Week-End Visit.

A party composed of Mrs. W. A. McDonald and granddaughter, Mary Kittrell and Mr. and Mrs. C. C. McDonald motored to Laurel for the week-end. Mrs. W. A. McDonald and Mary visiting Dr. and Mrs. J. R. Kittrell, paternal grandparents of Mary, and Mr. and Mrs. C. C. McDonald visiting Mr. and Mrs. Henry Yawn.

### Week of Prayer.

The Week of Prayer which all missionary societies of the Methodist Church will observe the first week of November, will be held in Bay St. Louis at the First Methodist church with special services Wednesday, Thursday and Friday afternoons of next week, beginning at 3:30 o'clock. Mrs. S. D. Siler, president of the woman's Missionary Society, will direct the various programs and an invitation is extended everyone to attend.

### Manieri Store Building.

Following the fire at the building owned by "Dad" Manieri on Railroad street recently it was decided to do away with the second story and change the building to a one-story structure and work has been in progress several weeks. The building is now nearing completion and in a short time will be ready to open for business and house again Manieri's Cafe which is now a few doors away. Edward Osbourn has been in charge of the work.

### Great Dane Dog Found Dead Wednesday Here

Bruce, the handsome great Dane dog owned by the C. C. McDonald family, was found dead lying in a ditch on Ulman avenue Wednesday morning. It is believed that death was caused by poisoning. This fine dog was truly beloved by the children and grownups of the family. He was a familiar figure through the city streets especially as the companion of the youngest McDonald child, and the playmate of the older children. The dog had been missing from Monday morning and was not located until Wednesday morning.

### SUNDAY IS FEAST OF ALL SAINTS

Masses at Our Lady of the Gulf Church Will Be Held At 6, 7, 8:30 and 10 O'Clock.

On Sunday one of the most important feasts of the Roman Catholic church will be observed, namely, that of All Saints, a feast that occurs annually on November 1. Regular Sunday hour masses will be held at Our Lady of the Gulf Catholic church, at 6, 7, 8:30 and 10 o'clock. In the afternoon the graves will be blessed at 2:30 o'clock, and at 4:30 o'clock a special service for the dead will be held at the new cemetery.

All Souls' Day will be observed Monday with a solemn requiem mass at 8 o'clock. Preceding All Saints' Day, the usual fast will be held on Saturday, Halloween day.

In preparation for All Saints' Day the cemeteries of the city are being cleared of all debris and plant growth and will be decorated with the seasonal flowers on Sunday and candles will be lighted.

### TWO SUITS TOTALLING \$23,000 ARE FILED

Two suits, one for \$25,000 and one for \$3,000 were filed in the office of the clerk of Hancock County at Bay St. Louis this week, seeking damages for injuries sustained in an auto accident which occurred on the Old Spanish Trail Sunday, October 25. The suits are filed by Mrs. Enda Miller and Mrs. Cecil F. Kraft, respectively, both of New Orleans, against Tom E. Lewis of New York. The accident occurred near Logstown and it is alleged that the Lewis car caused the damage in which Mrs. Miller was said to have sustained a fractured skull and Mrs. Kraft to have been injured.

### PARTICIPATE IN BIRTHDAY PARTY

The Bay St. Louis unit of the American Legion Auxiliary is today, Thursday, participating in the birthday party given by the Gulf Coast Council of Auxiliaries at the Veterans' Hospital at Gulfport. That portion of the program arranged by the Bay unit included specially dances by Miss Ruth Ward, accompanied by Mrs. A. E. Saucier, vocal solos, Mrs. H. U. Canty accompanied by Mrs. J. H. Sylvester; and comedy skit by Miss Miriam Summersgill and Joe Gilbert.

### Hospital "Dressed Up and Receiving"

The local King's Daughters Emergency Hospital was "dressed up and receiving" guests during the King's Daughters and Sons convention the first three days of the week. About 50 visitors from out of town visited the institution and some 25 local people called. Mrs. C. E. Craft, nurse in charge, greeted the visitors. The hospital had been placed in especially attractive condition preceding the convention with its new painting within and without and its new curtains, rugs and other equipment. Many pretty flowers were sent by local friends for the occasion.

### Regular Monthly Meeting of King's Daughters Monday Afternoon

Regular meeting of King's Daughters and Sons of Bay St. Louis will be held on next Monday, November 2, at 3 o'clock, and members are especially urged to be present. This will be the regular monthly meeting. All friends of the cause are invited to be present.

### Mrs. Horace Avery Dies.

Mrs. Luella West, wife of Horace W. Avery, died at Bay St. Louis Tuesday afternoon. She had been in poor health for some time. The remains were shipped Wednesday morning to Detroit for burial. Mr. and Mrs. Avery have been coming to Bay St. Louis for the winter seasons for over ten years and well loved here by a wide circle of friends. Mr. and Mrs. Avery had been married 51 years last April. She was born in Madison, Wis., but their home was in Detroit for many years. She is survived by two sons, L. West Avery, Jr., of Swathmore, Pa., their wives and three children, besides her husband.

The passing away of Mrs. Avery removes a most companionable and lovable woman. She was beloved by all who knew her and her demise is the occasion of genuine wide-spread sorrow.

Mr. Avery and family will return from Detroit Tuesday night and re-open the local home, for the winter and spring at least. He, as well as his family, have the sympathy of the community in which they are so well known and generally esteemed.

### MRS. LEONHARD WILL ATTEND GEN'L GRAND CHAPTER CONVENTION

International Meeting of Order of the Eastern Star At San Antonio Next Week.

Mrs. J. W. Rankin of Gulfport, Mrs. E. J. Leonard of Bay St. Louis, Miss Sue Waller and Mr. and Mrs. Thad Martin of Wiggins, are the representatives from South Mississippi who will attend the meeting of the General Grand Chapter of the Order of the Eastern Star which convenes at San Antonio Sunday. This meeting occurs once in three years and includes delegates from all States of the Union, Mexico, Hawaii, Iceland, Philippine Islands, England and Scotland. There are a total of 12,156 chapters in this international gathering totalling this year a membership of 2,005,601. It is expected that from 20 to 25 will attend from Mississippi. Mrs. Rankin and Mrs. Leonard will join the special train of Mississippi delegates from New Orleans Saturday. The Wiggins party will leave by motor Thursday. At the close of the meeting Mrs. Leonard will remain for a month's visit with relatives in San Antonio. Mrs. Rankin is grand mistress of the grand chapter of Mississippi, and this will be her fifth attendance at a General Grand Chapter meeting; Mrs. Leonard is district deputy grand matron and this will be her first international meeting; Miss Waller is immediate past grand matron and this will be her second international meeting.

### Zander-Gump Cast To Be Chosen Soon

The cast for the "Zander-Gump" wedding, which is to be presented November 13, at the Central High school under the auspices of the Parent-Teachers' Association, will be chosen in the very near future and rehearsals begun. Miss Lee W. Seal is general chairman for the entertainment; Mrs. C. C. Clark is director of the play and will be assisted by Mrs. Val Yates, Miss Beatrice Smith and Miss Lydia Boyd Blount.

### Punch and Judy Show At Convent Gymnasium Next Friday Night

There will be a professional Punch and Judy show at St. Joseph's Academy Gym on Friday night of next week, November 6, at 7:30 o'clock, to which the public is invited to attend. Mr. Mueller, who produces this innocent and harmless form of entertainment, promises to give quite a show and the puppets, he says, will be at their best.

An admission of 10 cents will be charged children and adults 15 cents.

### WELCOME ADDRESS BY MRS. FOURNIER, STATE PRES. AT BAY ST. LOUIS

Delivered at First Methodist Church Monday Night on Occasion of Formal Opening of Three-Day State Convention.

The welcome address of Mrs. A. F. Fournier, president of the Mississippi Branch International Order of the King's Daughters and Sons, delivered Monday night at the formal opening of the State convention held in Bay St. Louis this week, was one of the most outstanding features of the three-day deliberations.

Mrs. Fournier's pleasing personality and her facility of delivery added to the address, which was unanimously received with much applause. Among other things, Mrs. Fournier said:

"Dear Friends and co-workers in the splendid Order of the King's Daughters and Sons. It is but a conventional thing to say that we extend to you a warm and cordial welcome to Bay St. Louis. We do more than this, we latch strings outside ready for your touch to open wide the doors of our homes and let you enter into our affectionate good graces; for we feel that you are not mere visitors; you are more than this, much more. You are our own folks and members of the great family. So then, in the name of the Bay St. Louis Circle, I am privileged to bid you a hearty and heart-felt welcome. You come, not as strangers but indeed to those who are proud to call you friends. Speaking as President of your State Organization, I gladly add my personal pleasure in welcoming you to the sunlit shores of our Sound, the very waves ripple with delight that you are here, and constantly murmur your chant of welcome. For me, I am especially proud to have you come to us at my home. For the past year, as your president, I have striven with all my force, and in willing service, to not only hold

### BAY-WAVELAND WOMEN ARE ELECTED BY STATE CATHOLIC COUNCIL MEET

Miss Frances Donovan of Vicksburg Re-Elected to Head Organization—Mrs. Edw. C. Carrere and Mrs. E. J. Lacoste In Officer's Roster.

### ROTARY HEAD IS SPEAKER

Chas. G. Moreau, President Tells of Trip to Hot Springs

(By N-M. C.)

Chas. G. Moreau, president of the Bay St. Louis Rotary Club, was the speaker at the weekly luncheon meeting Wednesday at the Hotel Weston, telling of his trip to Hot Springs where he and Mrs. Moreau spent a month, returning home last Thursday. He was introduced by Dr. Jas. A. Evans, chairman of the program committee.

Civic clubs in Hot Springs and their method of recreation for a visitor and a resume of their activities were related by Mr. Moreau, who has the honor of speaking before the Rotary and Civic Clubs of Hot Springs. An unusual courtesy of the Civic Club was the passage of a resolution authorizing Mr. Moreau to bear to the Rotary Club of Bay St. Louis official greetings from the Hot Springs Club. Mr. Moreau conveyed this message and the local club Wednesday by motion acknowledged this greeting of the Hot Springs clubites. High spots in the Hot Springs trip were told including the visit to the crystal mountain, and information regarding the government reservation and the bath houses and their operation, was given by Mr. Moreau.

As club president, Mr. Moreau suggested Wednesday that there are possible changes in plan for the local Rotary Club for the further growth and service of the club, which the board of directors will discuss at a meeting following the regular meeting next Wednesday.

Guests at the meeting Wednesday were Dr. A. R. Robertson and Rev. Wm. J. Leach of Pass Christian.

### NEGRO STABBED IN ARGUMENT TUESDAY P. M. AT WAVELAND

Joe Johnson is Held in Jail On Charge of Stabbing Harding McKay.

Harding McKay, colored, is at the King's Daughters Hospital in Gulfport in a serious condition and Joe Johnson, colored, is in the county jail in Bay St. Louis, as a result of an argument over, it is said, "romantic attachment" which culminated in a stabbing affray. McKay was stabbed on his side between the sixth and seventh ribs. He was taken to the office of Dr. D. H. Ward at Bay St. Louis for treatment, and he remained there through the night, not being able to be moved until next morning when he was taken to Gulfport.

McKay was employed at the home of Irving R. Allen of Waveland and Johnson at the home of R. P. Hyams, and it was on the premises of the Hyams home that the stabbing took place. It is understood, unofficially, that the two negroes were interested in the same "girl" and the argument was over her.

### BUILDING FOUNDATION

The foundation of the new store building on Railroad avenue which Philip Levine is constructing is in place and work on the brick walls will begin in a few days. Joe and Forest Favre are doing the brick work.

### ROTARY HEAD IS SPEAKER

Chas. G. Moreau, President Tells of Trip to Hot Springs

(By N-M. C.)

Chas. G. Moreau, president of the Bay St. Louis Rotary Club, was the speaker at the weekly luncheon meeting Wednesday at the Hotel Weston, telling of his trip to Hot Springs where he and Mrs. Moreau spent a month, returning home last Thursday. He was introduced by Dr. Jas. A. Evans, chairman of the program committee.

Civic clubs in Hot Springs and their method of recreation for a visitor and a resume of their activities were related by Mr. Moreau, who has the honor of speaking before the Rotary and Civic Clubs of Hot Springs. An unusual courtesy of the Civic Club was the passage of a resolution authorizing Mr. Moreau to bear to the Rotary Club of Bay St. Louis official greetings from the Hot Springs Club. Mr. Moreau conveyed this message and the local club Wednesday by motion acknowledged this greeting of the Hot Springs clubites. High spots in the Hot Springs trip were told including the visit to the crystal mountain, and information regarding the government reservation and the bath houses and their operation, was given by Mr. Moreau.

As club president, Mr. Moreau suggested Wednesday that there are possible changes in plan for the local Rotary Club for the further growth and service of the club, which the board of directors will discuss at a meeting following the regular meeting next Wednesday.

Guests at the meeting Wednesday were Dr. A. R. Robertson and Rev. Wm. J. Leach of Pass Christian.

Miss Margaret Fournier, of Natchez, made a report on the local activities, together with the Mississippi Conference and American Associations.

Reports were read showing that there are 16 active societies in the state that furnish supplies to the churches in their parishes. Reports also showed that much charity work had been accomplished by members, this having been handled by Mrs. C. J. O'Neil of Vicksburg.

The return of delegates in the United States threatens to disrupt the home as an institution, Mrs. Agnes G. Reagan, Washington, executive secretary of the National Council of Catholic Women, warned the convention.

The most fundamental of our institutions—the home—is threatened with disruption," she said. "What is to become of the home if our citizens continue their present attitude with the United States leading the world in the number of divorces?" she asked. Making the first evening of the convention a two-foot and a half, a banquet was held Sunday night at the Bi-na Vista Pavilion, to which a brilliant assemblage was noted. A program of unusual excellence was given, Rt. Rev. R. O. Gerow, Bishop of Natchez, presiding, and Rev. Hubert Spender, of Gulfport, chairman. The Rt. Rev. Bishop gave the invocation, which was to have been followed by a number of prayers and vocal selections by the Scholastic Music Club of Bay St. Louis but owing to illness this number was cancelled.

Mayor John J. Kennedy gave the address of welcome in his usual apt style, while Miss Adahelle Hull, of Pascagoula, followed with a rousing solo. Very Rev. Peter Keenan delivered the address of welcome which was followed by one of the outstanding numbers of the evening's program a vocal solo by Mrs. Rev. J. Kenney of Bay St. Louis, followed by an encore in response to a long-sustained applause. She was accompanied by Miss Liversedge of Pass Christian.

Mrs. S. J. Corso gave the greetings from the Biloxi district while Mrs. Frances Donovan of Vicksburg, State president, responded. A circle number by Miss Lucille Springer followed and Miss Agnes Reagan, executive secretary from Washington, delivered the main woman's address of the evening.

Closing was marked by a vocal quartette, "The Rosary," with Mrs. T. K. Devitt, Mrs. S. J. Corso and Misses V. Lacaze and M. Tonnelier, with Mrs. A. C. Thompson, accompanist, taking part.

**MOSQUITOES AND THE GULF COAST**

THE Mobile Register of last Monday carried quite a lengthy editorial comment concerning the mosquito conference held in Biloxi several days since, and expressed the hope that it would result in much good. It asserted that "the mosquito is a real detriment to these Coast communities, and they are not going to progress as rapidly as they should progress until they get rid of this pest." It is a big and difficult problem but The Echo believes if the officials, municipal, county and State, including the public health officers make a united effort all the coast communities can be freed of the pest. It is a well recognized fact that the annual visitation of the mosquito comes from the Louisiana marshes, and the work of extermination should be started in that locality. Some summer seasons pass when but few of the winged insects—if mosquitoes can be designated as such—are present along the Coast, but for a brief period in other years they come in swarms and make existence miserable to both human and animal life.

**AERIAL AGE AT HAND.**

THE Graf Zeppelin recently completed her third trip from Germany to Brazil. Apparently, the famous airship is establishing a permanent airline to the South American country and seems to be on the verge of operating the first regular trans-oceanic air passenger service. In this country, the Navy has just accepted the new Akron, practically twice the size of the Graf Zeppelin and has ordered the construction of a sister ship.

Meanwhile, Major Jimmy Doolittle flies from Ottawa, the capitol of Canada, via Washington, to Mexico City in twelve and a half hours. In his 2500 mile course, he stopped at Birmingham, and Corpus Christi, Texas and flew at an average speed of 235 miles an hour.

Those citizens of Bay St. Louis who have been somewhat doubtful of the dawn of the "air-age" might begin looking up good alibis.

**LEGISLATURE AND ADJOURNMENT.**

AS this is written, Saturday is the date that has been agreed upon for adjournment of the Mississippi Legislature. It is by no means an assured fact that the lawmakers will start home that day, but it is to be hoped they will not prolong their session beyond that time. It has been estimated that every day they are at Jackson is costing \$3,000, and that does not meet with favor among the taxpayers of the commonwealth.

Advertising never pays when it isn't being done.

Every time a cold snap comes along the coal dealers feel better.

Few heads of families understand what the husbands do with their money.

Facts are what everybody wants as long as they are against the other fellows.

Merchants who urge the consumers to buy are not the ones to stop advertising.

As far as we can see everybody is waiting on somebody else to end the depression.

You never can tell how good a want ad can be until you try one.

Six years ago they were talking about farm relief. Anyhow, they have kept on the trial!

Hard work may be popular and advising it is like giving bitter medicine, but it is the thing just now, all the same.

Premier Laval got a great reception when he landed in New York, but this doesn't mean that he will get everything he wants from America.

If you are an ardent advocate of the air age you can buy yourself a little airship, like the Akron, for \$5,375,000 and take your friends aloft.

The father who drove his automobile into a crowd of boys playing on the street, killing one, and finding it was his own boy, is probably an advocate of "Safeguard Our Children" now.

Subscribers who pay their subscription in November will help us pay our bills in December. It is the same with everybody else; let everybody try to pay as many of our debts as possible.

Ex-Secretary Baker thinks that bread, not booze, may be the issue in the next national campaign.—New York Sun. We believe that he is more than half way right.

Dr. Paul N. Cyr's chances for warming the governor's chair at Baton Rouge before Huey Long's term expires are very slim indeed. His suit instituted to oust Long can and probably will be kept in the courts until the doughty Huey is good and ready to take his oath as a senator from the Pelican State.

**AN OUTSTANDING CONVENTION.**

BAY ST. LOUIS was the scene this week of one of the most successful state conventions yet held in the commonwealth and that from various points of view and different angles.

Meeting in annual convention the Mississippi branch of International Order of King's Daughters, Sons was noted for its constructiveness, active and varied programs and for the lasting influence that will live as result of the deliberations of this great body that works in and out of season in His Name.

Bay St. Louis received the delegates with open arms. Its well-known hospitality and cordial spirit was marked and delegates left with that lasting impression that will redound to the benefit of this section.

It is difficult to name anyone specially, or to particularize, but it must be said of the presiding officer, the State President, Mrs. A. F. Fournier, of Bay St. Louis, that she was the guiding and successful genius. Mrs. Fournier worked for this success without stint of effort. Her efforts have been liberal and her mind and heart have been generous in behalf of the cause and the annual event.

Mrs. E. J. Leonhard, local President, and her immediate local assistants labored unceasingly, and with the general co-operation of the people of Bay St. Louis the convention of King's Daughters has been one that enriches the annals of the work and spurs the activities of the cause on to further and enlarged usefulness.

It is well the convention was held here. It gave opportunity to people from other parts of the State to visit this section of the Coast and in turn our people, too, were gainers—they came in closer and more direct contact with the great work of the King's Daughters. We know of no organized body that exercises a greater influence for humanity and does for it more in time of stress.

**THE PROBLEM OF CITIES.**

THE problem of good government for the municipalities of the United States is one that apparently requires the enactment of new legislation.

One is somewhat amazed at the evident inability of large cities to secure proper administration of civic affairs. In smaller cities, one also finds surprising instances of mismanagement, sometimes caused by inability to understand proper municipal finances and, at other times, by carelessness and criminality.

The nation is somewhat familiar with the investigation being conducted into the affairs of the City of New York now claiming to be "the world's largest city" and for months past we have read of the serious financial condition of the City of Chicago, our second largest municipality.

The other day, the teachers in the Windy City, numbering 12,000, decided to bring their plight to the attention of the newly formed National Credit Corporation. In Chicago, 12,000 teachers have received no cash as salaries since last April and their pay checks total more than \$17,000,000.

The suggestion has been made that the several states enact legislation providing, among other things, for budgetary control of municipal expenditures, with a proviso that any municipal governing board which violates the budgetary law, or in any manner becomes involved over debts which it cannot pay, be removed from office by proclamation and that the state appoint a board to manage and direct the affairs of such municipality until they are placed upon a sound financial basis.

Such a procedure would be a long step towards affording taxpayers relief from excessive local taxation. One should bear in mind, in considering the general subject of high taxes that much of the blame for the present complaint against taxation rests upon the municipality and other local subdivisions of the state.

**INTRIGUING.**

HENRY FORD comes forward with the viewpoint that "the depression is a wholesome thing, in general." His argument is that the continuance of our previous false prosperity would have done more harm. While there may be something in this idea, the fact is that the present depression, largely caused by the mismanagement of business and financial leaders, has wrought great injury to millions of innocent people. These unfortunate citizens had no chance to protect themselves.

To be perfectly frank, we have been somewhat intrigued by insistent advice from the "big business" boys, who have constantly urged the public to buy because prosperity is just "around the corner." We have even been mildly intrigued with the Administration's insistence that industry and employers in general maintain former wages and retain employees in the face of the fact that the Government itself is setting an example of stringent reductions, which apply, according to the President, to even "meritorious projects."

While everyone is forced to realize the serious condition in which the country finds itself and this is aggravated by lack of general confidence, there seems to be no escape from a persistent policy of "everyone for himself." This will end in time but to prophesy when would be risky business even for a professional prophet.

**JEFFERSON FOR FREE SPEECH.**

THE newspapers of the United States should not fail to call attention to the recent dedication of a room at Monticello to the "freedom of the press."

If there was one ideal in the life of Thomas Jefferson for which his countrymen should be thankful, it was his passionate devotion to the liberty of the press, which, broadly interpreted, means freedom of thought for the individual, with the right not only to think but to express thoughts freely.

Even when assailed by a press that, if we mistake not, was overwhelmingly hostile, President Jefferson did not lose faith in the service that a free press could, and would, render a free people.

**VIEWS OF OUR NEWS**

By Chicagoan

A Review of the News of Last Week's Echo.

CHICAGO, ILL., Oct. 27.—A great man has passed away. Thomas A. Edison, inventor of electric light is no more, and with him a bright light went out of the world. Noting the articles regarding his death, Echo readers no doubt reflected on the comparative importance to the world of Mr. Edison and some of the men who wield great power over our immediate destinies. Yet Edison's worldly estate is worth less than a million dollars, while those belonging to the men who own his discoveries are reckoned by the hundred of millions. The size of a man's fortune does not always indicate the scope of his intelligence, nor does it necessarily measure the degree of his usefulness to the world.

Before Edison was born the reaper, the steamboat and the sewing machine had been invented. One hundred years ago there were probably some folks who figured that the age of inventions was about to come to its end. The death in 1931 of the greatest of inventors causes us to wonder what the future still has in store for the human race. Suppose Edison were to return to this earth a hundred years hence, what would his keen eyes see? If the human intellect develops apace, the world in one hundred years will be such a wonderful place that Mr. Edison for all his vision would be bewildered. If man allows the great inventions of Mr. Edison and others to be put to destructive uses, the results would also be bewildering to the beloved "wizard" were he to return again in one hundred years.

Preceding his return to his native heath came the news that Editor Moreau improved his time while in Hot Springs boosting the Coast country at every opportunity. And opportunities were not few. Besides the many private conversations in which he engaged with acquaintances made at the health resort Mr. Moreau was invited to make several public appearances, the latest of which was for a speech delivered before the Citizens Club. According to the Sentinel Record, Hot Springs' morning paper, his talk was so well received that the organization sent greetings to the Bay St. Louis Rotary Club of which its visitor is president.

Of course, our editor is glad to be at home again, but he is especially pleased that it was possible for him to return in time for the convention of the Mississippi Branch of the International Order of King's Daughters and Sons which began in Bay St. Louis on October 26. Every citizen of Bay St. Louis will be called upon to help make this convention an event to be remembered by each visiting delegate. The more influential the citizen, the more needed is his presence during the convocation.

The October moon was known to the Indian as the "Hunter's Moon." The Indian was very expressive in his terminology. If there are those of you who do not know why the original Americans gave the autumn moon that name here's a way to find out: Seek out Bobbie Lacoste, Ernest Richards, Rupert Wentworth and Larry Larue. Have them tell you of their experiences and their success while on that recent trip to remote parts of the country. Then the following night, while the tales are still fresh in your ears go out and take a look at the moon. You'll see a sly grin on the old fellow's face. They didn't see him, but he's thinking of what he saw while the huntsmen chased the elusive squirrels. But the moon, though it smiles to himself, will never tell a thing. And that's why the Indians called it the "Hunter's Moon," I guess.

Now I suppose if I were given the task of grouping the news of last week under a few appropriate headings I would place what happened to Kenneth Pearis under the classification, "minor accidents." I would not do so because Master Pearis has not reached his majority, nor yet because the incident did not bring him much pain. I would only do so because worse cases would fall under "Serious Accidents." So while Kenneth may think this paragraph is a lot of boloney, I'm glad his injury is no more serious than it is. I've just taken a round about way of saying that there's nothing so bad, but what it might be worse.

**Railroads To Grant Free Freight to Orphans And Old People**

As is their custom many railroads will grant free transportation on goods sent to the Mississippi Baptist Orphanage, Methodist Orphanage, Children's Home Society, Old Men's Home and Old Ladies' Home, during Thanksgiving. Some of these institutions are having difficulty in operating during the present depression. Liberal donations are urged. The list of needs is as follows: Cotton seed, corn, meat, canned goods, clothing, sheets school supplies and many other articles that may be used in a home.

**A Sunset On The Coast of Maine.**

By MRS. IDA SCHWEPPE

An idle afternoon on the coast of Maine must be experienced, it can not be described—for after all in us lingers the subconscious preference for an undisturbed communication with nature which then stimulates our emotions like a spark of electricity. In this mood I sat one evening on the rugged coast meditating—when in my imagination the vision of King Phillip, the noblest of all Indian Chiefs appeared in the attitude of prayer prostrating himself before the great Spirit, pleading help to comprehend the mysteries of the universe. This thought was promoted by the fact that I had followed "King Phillips Trail" hither, and was now in the midst of haunts of his domain. Cool breezes fanned and swayed the pinces listlessly to and fro. Before me in immeasurable vastness lay the limpid waters of the ocean in which island's here and there seem to act as sentinels determined to exist in spite of the ruthless wash of the eternal waves. Over my shoulder the sun leaped through a lump of clouds all of them fringed with golden linings. Facing me, in the distance leisurely, almost imperceptibly steered a sail-boat in the direction of the setting sun, its sails bulging as if anxious to catch the full benefit of the rays hereby heightening their beauty to a perfect white.

If one wants the experience of the passing of a fleeting moment just try to impress upon canvass or even upon your mind the picture of light and shadow before you. Within a short interval the sun had dipped below the horizon now likening the entire west to a furnace of gold—soon even intensifying its power by refraction until the entire sky resembled a blinding fire. What magnified the glory of this phenomenon was its reflection upon the calm surface of the Ocean. Human mind is strangely constructed. How a thrill of such magnificence gives birth to many thoughts that in time create imagination and beguile time. Enamored I started, scarcely daring to interrupt with a breath while constantly steadying my nerves. Finally I moved and turned my eyes to the opposite direction. Oh! what should I behold. There rose above the horizon the full moon in all its glory seemingly ruling supreme over sea and sky. About her the heavens clear and cloudless. The winds low—the stars faint—all paying obedience to the queen of the night as she rose majestically towards the zenith—soon throwing a shimmering net upon the ocean in which she vainly admired her own reflection. Not a sound disturbed this soft nocturnal scene. In recalling it I still feel the sensation of calmness combined with the inexplicable beauty of it all. I confess it was late before I could persuade myself to separate from this fascinating dreamy spot, which left an indelible imprint upon my memory.

## PASSING OF THE DOLLAR DECADE GIVES MORE TIME TO EXERCISE CHARITY

The Lesson Learned From Then and Now Pointed Out In  
Address by Bro. Peter, President St. Stanislaus College,  
At King's Daughters Annual Convention Banquet.

Inspiring and rich in philosophy, the address of the evening, Tuesday, on the occasion of the annual banquet of the Mississippi Branch of King's Daughters and Sons, was delivered by Bro. Peter, president of St. Stanislaus College, Bay St. Louis, who was fittingly introduced by the presiding officer, Mrs. A. F. Fournier.

Bro. Peter's address was not only filled with thought, but timely and instantly carried to the listeners in the large banquet hall filled to overflowing.

Mrs. President, ladies and gentlemen: I esteem it a rare privilege to have been called to talk to the King's Daughters and Sons, for Him also I serve.

It is appropriate that this convention should have been held at this time for last Sunday our church celebrated the Feast of Christ the King. A feast recognizing the Kingdom and sovereign domain of Christ, engaged in a great and noble work, in the greatest and noblest of all works for it is in reality the continuance of the earthly work of Christ.

Christ on earth comforted and consoled and healed the sick and the afflicted. Your work here and at Gulfport in your hospitals is a worthy carrying-on of His work and His Spirit.

History shows us that at the coming of Christ on earth there was not in the entire world a single charitable institution. Not an orphan's home nor a home for the aged and infirm or a single clinic or hospital to care for the unfortunate.

Nay more, the Roman philosophers taught that it was the duty of a human being to even feel the dirt of pity; they taught that a man should pluck from his heart as unworthy of a man even the sentiment of sympathy or pity for the unfortunate.

We are here tonight to pay homage and appreciation to the King's Daughters and Sons whose purpose of existence as a society is to do the work of Christ the King on earth by spreading the flame of charity that He came to enkindle.

The word charity is derived from the Latin caritas, which means love—charity is love, charity is love of God, charity is an overflowing of the love of God translated into love for our fellow-men—the Sons and Daughters of God even as we are.

There has not been for years, for decades of years more need of the practical working of charity than there is now.

We are passing through a period of readjustment.

We are indulging in a great deal of self-pity.

But we have lost little as yet. Are we suffering? Yes, from the deprivation of a few of the superfluities, the luxuries that we have taught ourselves to believe are necessities and still we are not in want—nor hungry.

We took the good things of God and then we forgot Him in our abundance. We as a people have got ourselves into a panic state.

We have gone from the heights to the depths in a short time. The reins of leadership are in a snarl and no one seems to be able to untangle them. We forget that conditions have been thus before. The pendulum

will swing back again. God sends us these depressions to chasten us and to bring us back to a thought of Him. Strange as it may seem we see in times of adversity more instances of true charity and consideration for others.

Now Is The Time To Exercise Our Charity.

We discovered that children were not children at all, not offspring nor future citizens—but personalities, fragile and delicate and in constant danger of being warped by repression.

We discovered that it was wrong to force them to study. It might destroy their self-expression.

We discovered that it was terribly wrong to discipline them; that any form of punishment was wrong. It interfered with the free development of their instincts and emotions.

And having nurtured them in the delicate atmosphere of this so called new psychology we turned them loose on the world to find that the world refused to accept their superiority. Having sowed the seed we are reaping the whirlwind. Our juvenile delinquency and the age of rampant youth is the answer.

But now that parents are by sheer necessity learning the discipline of self-denial, learning to deny themselves and their children, they are finding that the experience is not so loathsome after all, and have come back to first principles, that work and play and love and obedience are not incompatible.

Educators already see a comforting change, a real improvement in voluntary discipline during the past twelve-month period.

Now Charity to Others.

Real charity is not the charity of commerce. The charity that gives to the one from whom we can expect something in return, is not this a sort of commerce?

True charity is the giving where and when we expect and accept no appreciation from the one benefited. If we receive the thanks of men we are repaid by man. If not it is true charity and worthy of His reward—The reward of God.

We must expect this winter to be called on to give. Don't say "I was always generous before, but now I cannot afford it." I answer, "It was not needed one tenth as badly before," and before you gave out of your abundance. Now give for Him out of your share.

With all my heart and soul I believe that it is due to wonderful charity of our two Societies here, St. Margaret's Daughters and the King's Daughters that Bay St. Louis has been singularly blessed, for with the hard times that have befallen us Bay St. Louis has suffered probably less than any other place I know.

In conclusion I will quote from the inspiring "Vision of Sir Launfal," when Sir Russell Lowell makes the glorified Christ say:

Not what we give but what we share, For the gift without the giver is bare. Who gives himself with his arms, feeds three, himself, his hungry neighbor and me.

**W. W. James Selected  
Successor To W. H. Schilder,  
L. & N. Gardner**

Carl James, son of Carl James, head of the agricultural department of the Louisville Railroad System, has been appointed by that company to succeed W. H. Schilder, local railroad landscape gardener who recently died suddenly of a heart attack while on a train.

Mr. James arrived from headquarters Tuesday morning and locating in Bay St. Louis immediately assumed the duties of his new and important position which is not only to landscape the grounds in and around the depots at Bay St. Louis and Pass Christian as well as at Ocean Springs, but to plant and to maintain the parks and gardens that have won the admiration of many with civic pride and lovers of nature and of the beautiful as well.

Mr. James is experienced and technically versed in the duties of his local pursuit and he will easily prove a worthy successor of the old gentleman who had so well and successfully labored for the L. & N. in this particular endeavor. Mr. Schilder loved his work, it was next to his very being and his very heart went out to the calling. Thus Mr. James will not only carry on this splendid work, but a young man will expand the work.

**C. of C. Meeting  
Tuesday Night, 3.**

The November meeting of the Bay St. Louis Chamber of Commerce will be held at the C. of C. rooms in the Masonic Temple Tuesday night, November 3, 8 o'clock. At this time the newly elected officers will take their places. A large attendance of the membership is solicited to attend this meeting.

## KING'S DAUGHTERS HOLD ANNUAL CON- VENTION THIS WEEK

(Continued from page 1)  
don of Jackson. The state president was introduced by Mrs. E. J. Leonhard. Miss Nannie-Mayes Crump of Gulfport, told in story form the origin of the use of the phrase "In His Name" and why used by the King's Daughters and Sons as the watchword of the order.

Especially interesting were the reports Tuesday morning from each officer of work done this past year, and the afternoon was devoted to reports from the various circles, "ward sticks" by which the work of the state is measured.

The banquet Tuesday night at the Hotel Weston was a pleasant social gathering of visitors and Coast friends and those present filled to capacity the commodious dining room.

Brother Peter, president of St. Stanislaus College, was the principal speaker of the evening, and his fine address appears in the Echo this week in full. Introduction of the official family of the order, brief talks by some Coast friends, readings by Mrs. C. Harding of Gulfport, and vocal selections by Miss Inez Payne of Clarksdale, featured the banquet program.

**Garden Visits.**  
The convention closed with a Coast ride to Pass Christian for the visiting one with visits to two of the Coast's most beautiful gardens, namely, the famous Japanese garden of Mr. and Mrs. Rudolph S. Hecht, and the formal garden of Mr. and Mrs. J. B. Simmons. The Simmons home was opened to the visitors also.

**Mrs. Clark's Address.**  
An outstanding talk of the convention was that given Tuesday morning by Mrs. C. C. Clark of Bay St. Louis. Women's lives are filled with many things in this modern world and they should choose "first things," she said.

What those first things are was shown by Mrs. Clark in picturing world conditions today, in which there is a battle for material display which has created wrong economic conditions. She appealed to women to use their influence in reducing the economic world along lines which will meet with the approval of God who has set forth his social precept in the Golden Rule. In order for women to take this important place it is necessary that they possess character, the only enduring aristocracy.

**Music At The Convention.**  
Some of the pleasantest entertainment arranged for the convention had to do with the music on the many programs. The Schubert Music Club delighted with chorus numbers at the luncheon Tuesday and again at the business session Wednesday.

Miss Inez Payne of Clarksdale, charming young singer, with a powerful voice of exquisite tones, sang at the business session Tuesday and at the banquet that night. Mrs. Leo Ellsworth Kenney possessing a voice of rare charm, sang Tuesday at the business session. At the opening meeting Monday night the choir of the Methodist church rendered pleasing numbers. Mrs. H. U. Canty and Miss Mary Perkins were the lovely soloists. Miss Louise Armstrong gave a fine violin number.

**Spiritual Readings.**  
Mrs. E. C. Cameron of Meridian, chairman of Bible studies for the state organization, led the devotional Tuesday morning. Mrs. A. L. Stokoe of Gulfport conducted the devotional Wednesday morning, speaking of the place of love in human and divine relationships.

The various ministers of the city assisted at the several meetings by leading prayers, including Rev. C. C. Clark, Methodist; Rev. R. E. Grubb, Episcopal and Rev. A. J. Gmelch, Catholic.

**Lovely Decorations.**  
Mention must be made of the lovely decorations arranged for every assembly of the convention. The beautiful fall flowers in the purple and white tones, colors of the order. White chrysanthemums and sprays of French mullberries in baskets were used in many appointments; bachelor buttons in the purple tones with other white flowers and greenery.

At the banquet the center piece was formed of white dahlias and purple asters. Individual boutonnieres of bachelor buttons and ferns were at each place at the banquet. Purple flowers of papers formed the containers for the mints at the banquet.

**Interesting Visits.**  
An interesting sociality at the convention was Mrs. Robert P. Clark, in charge of the Rescue Home of the Order at Natchez, whose fine work is one of the outstanding accomplishments of the state organization.

Mrs. E. T. Clark of Cleveland, member of the executive board, and a charter member of the state King's Daughters organization, was a delightful convention guest.

Mrs. J. I. Van Ness of Nashville, wife of the executive secretary of the Southern Baptist Convention Sunday School Board, visited the convention. She has the distinction of having been one of the original "hands and feet" of Miss Jennie Cassidy, invalid, who grouped about her young girls at her home in Louisville, Ky. and from a bed of pain gave inspiration for variable years.

In recent years Mrs. Van Ness has been interested in mountain center at Mont Eagle, Tenn., maintained by the King's Daughters for mountain children and their mothers, a center that was obtained largely through her efforts.

Mrs. Earline White of Jackson, recording secretary of the National Federation of Business and Professional Women's Clubs, a former state president of the Mississippi Federation, organizer of the clubs at Gulfport and Pass Christian, was in attendance at the convention Tuesday and Wednesday, extending an invitation to take the 1932 convention to Jackson.

Mrs. Archie Gordin of Jackson who has a Coast home at Long Beach, gave a gracious response to the official welcomes at the opening session.

Mrs. Phil C. Harding of Gulfport, former state president of the King's Daughters and Sons and members of the executive board, was a charming addition to the gathering of women and delightful with her readings in direct.

## COAST VOCALIST SINGS OVER RADIO FROM NASHVILLE

MISS BERTHA TETE.

Miss Bertha Tete of Pass Christian with her mother, Mrs. Henry Tete, returned recently from Nashville, Tenn., where they were guests of J. W. Russurim and family. Mr. Russurim is secretary of the Tennessee State Fair. While in Nashville they attended the state fair. Miss Tete was featured at the Woman's Building at the fair and was honored by having a blue ribbon presented her by Mrs. Robert Nichol, director of the woman's building. Miss Tete, a vocalist of rare power and ability, sang over station WSM in Nashville. She sings often over the Coast station WCCM at Gulfport.

## FATHER OF CO. SUPT.- ELECT CELEBRATES 71ST BIRTHDAY

**Frank McQueen, Well-  
Known Hancock Countian,  
Remembered by Many  
Friends**

Frank McQueen, Sr., well-known Hancock Countian and resident of Aaron Academy, celebrated his 71st birthday a few days since and was the recipient of many congratulatory messages, tokens and received the good wishes of his neighbors and other friends from far and wide.

Mr. McQueen is father of County Superintendent of Education Elect McQueen, residing at Clermont Harbor, and is otherwise well known. The party was a typical birthday celebration and among those participating were the following:

Mr. and Mrs. Asa McQueen, L. H. Alsobrooks and wife, Ellis Mitchell and wife, Wiley Frierson and wife, Mrs. A. S. McQueen and grandchildren, John A. Boyet, Mrs. Rube Landrum, Mrs. Eddie Miller, Mrs. Mattie Strahan, Miss Smith, Mrs. Marie McQueen, Neta Mitchell, Rev. J. A. Polk, Frank Quintini, Teddy Morrell.

## Leo W. Seal Elected To Tivoli Hotel Board Of Directors, Biloxi

Henry Hardtner, Alexandria, La., was elected president of the Tivoli Hotel Corporation at a recent meeting of the new board. R. H. Holmes, Ocean Springs, was elected vice-president and Harry Gamble, New Orleans, Leo Seal, Bay St. Louis and John W. Englehardt, were elected to the board of directors.

E. C. Apperson, who has been managing the hotel, was retained as manager. Plans were discussed for future operations, which are to operate the year round.

## For Your Dog!

If your dog has running fits or vomiting, worms, or needs treatment for Mange or Eczema, bring it to Pet Hospital, where they get the best of care. Dog boarding 50c a day.

Bottling Wks.**  
Telephone 28

## STANISLAUS COLLEGE ECHOES

Minutes of Gulf Coast Sodality Read at Weekly Meeting—Other Matters Discussed.

### SODALITY.

The minutes of the Gulf Coast Sodality were read to the members of the Sodality by Artigues. He also requested the members to increase their reading of the books from the book rack.

Richard Roth gave the results of the Mission Committee and he asked the members of the Sodality to get their orders for Christmas Cards in early.

Ducasa called out the names of the subscribers for the Queen's Work and he said there was room for many more.

Falchetto spoke on the Celebration of the Feast of Christ, the King. He asked the boys to go to Mass and Communion on this day to thank the Lord for certain favors bestowed upon them. He also explained the harm the communists are doing in our industrial centers mainly to the unemployed.

The boys were asked by Bro. Edmund to save all the pamphlets, Queen's Work or any other Catholic literature they may have. These are to be turned over to Father Fahey and distributed among the Catholic people of this locality who have not the means of obtaining books or papers.

We were very agreeably surprised last Friday to see posted upon the bulletin board the announcement that our Classmate John Baptist Blaize had won the First Prize in the Times-Picayune's contest "Biggest News of the Week."

This is the first year that Stanislaus had entered this contest, and to win a prize on first try is something to feel good about, but especially do we feel better that one of our Class of 1932 was the recipient of the \$10 which goes along to the winner of this first prize.

John B. has been congratulated almost every day since the news, but we do not think it amiss to again offer him our best and hope that he will again be a winner, and too, that some of his mates will try and do likewise.

### WE WONDER WHY?

Kevin was blushing so much at about 3 o'clock Monday evening. Aylesworth is so popular with the little Study Hall.

Lock is wearing silk shirts now. Breaux says "it won't be long now." Tally is called "Blub Mouth."

Colvert is such a big reckless boy. Ducasa cut a certain Little Lady's picture out of Sunday's paper. Brown hasn't any white mice this year.

Artigues is trying to get a jerk with the little kids. P. Bourgeois isn't selling out his World-War equipment. Levy reminds everyone of a 5 & 10 cent store.

Newman has gone on a boot-blackening strike. Derby refuses to play his harmonica. Baquet has never missed a mail-calling.

Alaimo & Castro are being "good boys" for a change. Sustendahl is such a "watched" man during calisthenics. Lalorice just can't leave that chin alone.

Cobb can sing so well. The loud and plaid, the cheer-leaders cheered and nobody yelled last Saturday. Baquet is such a little ace in such a big hole.

"Pat" isn't allowed in the big study-hall anymore. E. Lawless is called Rambling Willie. Vail is called "Long Ears."

Pisson is called "Tiny." B. App thinks he knows all about a certain girl's future. J. (Dimples) Sandoz is called, "Our Spanish Star."

M. Sandoz and Dufilho want to write all "Wonder Whys." George Hauser is called "Wop." Gripp's head is like a goose egg. Gianneloni insists on "Broadway Love."

Smythe is our C. A. Cunningham wants a jerk so bad. Iscovich wants to be the President of S. S. C.

R. Lawless was chosen "Mail Carrier." B. Lawless complains of his girl's economical system. M. Sandoz is getting so tight.

## WELCOME ADDRESS BY MRS. FOURNIER, STATE PRES. AT BAY ST. LOUIS

(Continued from page 1)

the Organization together, but to build it upon larger foundations and to fill it with the pride that comes from the knowledge that we are working in His Name.

"It has been a hard year; a year of world-wide depression; of trials and of uncertainty but in the face of this we have gone on. We have revelled in that harmony which should always accompany worthy endeavor. My most cherished memory is that I have been thrown in close contact with the worthiest women in the world, and so I could not but absorb a great deal of enthusiasm and pleasure in my work. True I have been confronted by some problems that were difficult to surmount, but by His Grace they have been surmounted and today we stand on the high walls announcing to the world our manifold accomplishments."

"During the progress of this I have intermingled with the most cultured and refined and earnest women of this, or any State, all seriously bent on serving in His Name. The most glorious work of human endeavor. That in itself is worth a life-time of devotion."

"So then we are here today to review our labors; to consider plans for the future; to re-dedicate ourselves to the sublime work and to

intermingled with the most cultured and refined and earnest women of this, or any State, all seriously bent on serving in His Name. The most glorious work of human endeavor. That in itself is worth a life-time of devotion."

## Catholic Women to Meet at Pass Christian

The Bay St. Louis district of the National Council of Catholic Women which includes the societies from Long Beach to Ansley inclusive will meet Friday afternoon 3 o'clock, at St. Paul's Hall, Pass Christian, for the monthly meeting.

have a real joyful time in getting to know how good "the other fellow" really is.

To the end that:  
Joining hands we move along,  
Life's pathway, lit with Love,  
Making it just one sweet song  
Heralded from above.

The Golden Sands crunched 'neath the feet  
Add beauty most sublime,  
And heaven and earth doth seem to meet  
In glory most divine.

The waves that leap up from the sea  
Sweep diamonds from the sky,  
Waving rich necklaces for thee  
Which money cannot buy.

But, lovely as these gifts may be,  
And rich in gorgeous beauty,  
They cannot match the gifts that we  
Bestow in loving duty.

These gifts are open hearts and hands  
In welcome, warm and true,  
Given from Bay St. Louis lands  
And handed unto you.

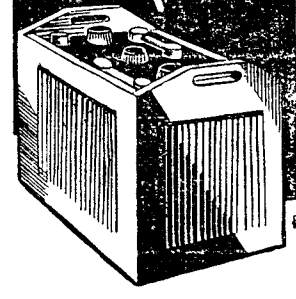

## Justify His Trust In You

Your boy, who looks up to you as the idol of all his dreams of the future wants to emulate you; help him later in life, by quipment with which to face life on his own. This at least you owe son or daughter. And it is not hard to do; just remember to save a part of your salary each week at Merchants Bank & Trust Company, and before you know it his future will be safe.

## Personal and General Notes of Week From Waveland and Vicinity

V. E. WEBER Box 134  
Waveland, Miss.

National Council of Catholic Women held their convention at Biloxi Oct. 26, and 27 and following members from Waveland attended.

Mrs. B. W. Carrere, Mrs. John D. Nix, Mrs. C. B. Mollere, Mrs. John Mollere, Mrs. H. Zimmerman, Sr., Mrs. Mary A. Bourgeois, Mrs. Dan Chadwick, Mrs. C. M. Villere, Mrs. V. E. Weber, Mrs. L. Jacob, Miss Hazel Murphy, Miss Agnes Bourgeois, Miss M. E. Donnelly.

Mr. and Mrs. B. M. White purchased a cottage in Terrace avenue from Mr. H. P. Vincent.

Mr. White is an ex-service man and now connected with Southern Bell Tel. & Tel. Co., New Orleans. They expect to make this their permanent home. We welcome you to Waveland.

Mr. and Mrs. John Burg and daughter, Arlette, returned from New Orleans and spent the week-end here.

Miss Fitzpatrick a member of the faculty of John McDonough High School in New Orleans spent the week-end visiting friends.

Mr. and Mrs. C. W. Reddinger and family were over for the week end.

Mr. and Mrs. C. Penado and son, Charles, were over for the week end.

Mrs. H. Quatrovaux of Hammond, La., spent several days visiting her son, O. M. Villere.

Mrs. Germaine and children of Pittsburgh, Pa., and her sister, Miss Frances V. Bourgeois of Mobile, Ala. were guests of Mrs. McFee and Mrs. A. Bourgeois.

The friends of Mr. Seither will be pleased to learn that he is rapidly recovering his health. A few weeks ago while working with Woodward-Wright he took seriously sick and as rushed to the hospital not expected to live. The family moved him to Waveland and Mr. Seither said it saved his life.

The Half Hour Recreation took place Friday afternoon in the school auditorium at 2:30. The program was as follows:

Song, America the Beautiful, Chorus Reading; Little Bats, Ory Bourgeois Reading; She Never Smiles—Cecile Turcott Reading; Westward Ho—Mary Claire Zimmerman

Recitation—Robert Henley, Reading; Owl and Pussy Cat—Tuella Bourgeois.

A Question of Brains—Andrew Shultz. Star Spangled Banner—Chorus. Accompanist, Mrs. V. E. Weber.

The Parents and Teachers Association will meet at School House Wednesday, November 4th, at 3 o'clock.

### BAY HIGH TIGERS LOSE TO MOSS POINT HIGH AT MOSS POINT

### One Sided Game with Unusual Punting—Score was 25 to 6.

The Bay High Tigers lost their first Class "A" football game of the season when they were defeated by Moss Point High at Moss Point, 25 to 6. This game probably smothered the Tiger's hopes for the Class "A" title.

Bay High's only score came in the first quarter when Erwin blocked a Moss Point punt on the three yard line and Larroux fell on it for a touchdown. The first Moss Point tally came early in the second quarter as the result of successive line plays. Their second and third scores came in the third quarter after they intercepted several Tiger passes. The final touchdown was made in the last period when a Moss Pointer raced around end for thirty yards to cross the goal. Their only point after touchdown was made by a pass.

The game was rather one sided but showed a superior brand of punting by Bay High. One kick of 40 yards traveling 70 yards. For the Tigers, Smith, Stassi, Moran and Favre stood out, while Blaide and Sharp played best for Moss Point.

The line up and summary:

Bay Hi	Position	Moss P.
Cowand	L.E.	Ray
Ladner	L.T.	Owens
Favre	L.G.	Hassell
Larroux	C	Blaide
Marquez	R.G.	Gurrier
Erwin	M.T.	Watzur
Middleton	K.E.	Greengough
Stassi	Q.B.	Sharp
Loicano	F.B.	Canfield
Laurent	L.H.	Mullins
Moran	R.H.	Hurlala

Substitutes: Bay High—Smith for Stassi, Ramond for Moran. Moss Point—Curriot for Blaide.

Score by Quarters:

Bay Hi	6 0 0 0
Moss Point	0 6 13 6

Summary—Touchdowns: Bay Hi, Larroux; Moss Point—Sharp; Canfield 1; Blaide 1; Points after touchdown, Moss Point, Grennough; First Downs, Bay Hi—2, Moss Point 9; Passes, Bay Hi, 8; Moss Point 1; Completed passes, Bay Hi 2; Moss Point 1; Int. Passes, Moss Point 2; Penalties, Bay Hi, 40; yards; Moss Point 45 yards; Punts, Bay Hi 5; Moss Point 4; Ave Dis. of Punts, Bay Hi 38; Moss Point 25.

## REPORT CATHOLIC WOMEN

National Convention Recently Held at Washington, By the Miss. Delegate, Mrs. Claudia C. Carrere—Delivered Monday Before the State Convention at Biloxi.

Mrs. Claudia C. Carrere, of Waveland, recently returned from Washington, D. C., as the delegate from Mississippi to the convention of the National Council of Catholic Women, delivered her report Monday at Biloxi before the State convention held in that city two days.

The address is replete with much that is of interest even to the laymen and is published here in full. The Bay-Waveland district is very proud of Mrs. Carrere and her activities, heretofore locally but which now have taken State and National-wide scope.

Mrs. Carrere said: I count my visit to Washington one of the events in my life to be remembered, as the beginning of new and delightful associations, a broadening of my ideas, and a new and more comprehensive view, of the duties that beset all Catholic women, not only of today but of time to come.

Life, for the most part, seems an empty, monotonous and commonplace thing a routine of doing the ordinary tasks—the necessary duties—but there comes to all of us, transfiguring moments, when the skies seem to dip down and embrace our lives, when the soul is swept by a wave of enthusiasm, and melts into a great current of intense thought and feeling. It is in such moments that we experience the greatest delights of our lives; for happiness does not consist so much in the general comfort and pleasantness of surroundings, but is found up in a few brief moments.

The traveler, who can spare but a half hour for some great picture gallery, will search diligently for the double-starred masterpiece, and darting through long corridors and rooms filled with painting of art, sits down before the work of Michael Angelo or Andre del Sarto, and there, worships for his poor fragment of time.

He tramps weary miles, sleeps in uncomfortable inns, and endures over stretches of uninteresting country, for what?—for a few brief moments that intoxicate the heart and lives in the memory for ever. However, the value and significance of my time in Washington, to me, is the opportunity which it offered for the formation of new and enduring ideas, the understanding and cultivating of the great spirit of catholicism the opening of the mind, the expressing of the difficulties and emergencies of life, the little personal vanities and absurdities all swallowed up and blended in the great ocean of Catholic Thought that flooded the council chamber, in comparison to which all other glories pale and vanish into insignificance.

On Saturday night, an informal reception to visiting delegates was held in the Ballroom of the Mayflower Hotel. The activities opened properly on Sunday at 11 o'clock, with Pontifical High Mass at the National Shrine of the Immaculate Conception. Delegates attended the mass in a body. His eminence, the Most Reverend Pietro Fumasoni-Biondi, apostolic delegate to the United States, was celebrant. The Right Reverend Francis C. Kelly, Bishop of Oklahoma, preached on the part women have played in the spread of Christian Doctrine, showing how essential they are in teaching Catholicism in the family home.

The delegates were taken on an extensive tour of Washington in the afternoon. At Arlington National Cemetery the party paused to place a wreath on the tomb of the Unknown Soldier, another wreath was placed at the monument at Rhode Island and another at the Avenue to the Nuns of the Battlefield; the tour ending at the National Catholic School of Social Service, where tea was served and Benediction of the Most Blessed Sacrament given.

The convention embraces within its bosom catholic women from all parts of the nation, Priests, Bishops, and the Papal Delegate enhanced and dignified the meeting by their presence. The spirit of patience and forbearance permeated the whole convention, were its essential characteristics, and demanded that we must ever be ready to give ourselves to our best, to the services of our organization, and the fulfillment of the expectations of our Holy Mother, The Church. Philanthropy, had delivered its message to the assembly, that whight-winged angel of mercy had come to relieve the distressed, to dispel the darkness from the dismal abodes of poverty and vice, to educate and enlighten the benighted souls of every land, but above all to teach mankind a broader benevolence, a sweeter charity and a more comprehensive understanding of their duties toward God, towards their country and towards themselves.

In the various addresses given, especially by those of the Bishops, particular stress was laid on that phase of humanity, The Right Rev. Bishop Rummel, in his address, which was the keynote of the convention—on birth control, denounced the "New Paganism" in no unmistakable terms, and pointed out that companionate marriage, divorce, sterilization—products of the "New

er thought"—were merely twentieth century names for the demoralizing and destructive practices of the pagan world of old. Dangerous books were showing their influence on the younger generation, together with the teachings of ungodly professors in colleges; both combining to drag the youth down into the mire of immorality, and efface from their minds their concept of God.

Dr. Anst. M. Nicholson, the head of the committee on family education, stressed the fact, that heads of families should let all see plainly, that any attacks upon the indissolubility of marriage are disastrous, because it strikes at the children, the family and indirectly at the whole fabric of society. That children should be disciplined, taught obedience, and that example by parents was of more importance than precept. The need of working to alleviate the suffering, due to economic conditions, was emphasized, by Miss Linna Brestette of the social action department of the council, and a request made not for a leader but for followers of our great leader Pope Pius XI.

The President, Miss Hawks, spoke on Women in Catholic Action, outlining their aims and the necessity of federation, of coordination and cooperation in order to have action. Reports were very pleasing, especially those of the executive secretary, Miss Agnes Regan, whose territory was very extensive, covering field activity, diocesan activity, national committees, retreat masters, family education study clubs religious education youth movement, legislation and literature.

A message from President Hoover was received with great enthusiasm. He thanked the National Council of Catholic Women for their efforts, which meant so much for the cause of good citizenship, the preservation of family life, the care of the unfortunate, the enrichment of the spiritual life, and the ideals of the American people. An invitation was kindly extended us by the president to visit the White House, where we had the pleasure of meeting him—the head of our country.

Telegrams were received from several bishops, including one from our own beloved bishop—the Right Rev. Richard Oliver Gerow—wishing us success while expressing regret at not being able to attend.

The whole trend of the convention, which opened with Pontifical High Mass on Sunday and closed with the banquet at the Mayflower on Wednesday night, when the apostolic delegate bestowed the Papal Benediction on all present, seemed to be the urging of catholicism, to grasp the opportunities offered toward good, and to seek out such opportunities, even at great personal sacrifice. People stand idly, waiting for favorable occasions, unmindful of the fact that the elements of strength and talents which they possess must be put into the service of the entire organization, in order that it may function and overcome the various obstacles that beset it. There is still much truth in the words which Shakespeare puts in the mouth of Casius.

The fault, dear Brutus is not in our stars but in ourselves that we are underlings."

and so it is with us, if we wish for success we must unite and cooperate, give of our best and give till it hurts. Dispar and despondency will come upon us, but we must remember that the opportunities offered toward good, and the greatest lights of the age were beset by difficulties and obstacles far greater than ours.

It is, perhaps, a true saying, that a smooth sea never made a skillful mariner, yet it suggests some truths which can be applied even today. It is an encouragement to those who have hardships, difficulties and perplexities, it is an inspiration to those to whom success seems to come slowly. Cyrus Field, the inventor of the Atlantic cable, suffered perhaps more disappointments and hardships than any other man of his age, but notwithstanding all the difficulties and perplexities that were his, he did not turn away discouraged or disheartened. He remained at his work, he experimented, he persevered and behold one day, Cyrus Field found his heart's face to face with glory, honor and glory. So let it be with us, let us imbibe the spirit of the Convention of the National Council of Catholic Women at Washington, let us give ourselves to the organization, working for the greater honor and glory of God. Sacrifice and service, and we shall be able to choose this for our motto, and then we are assured that our reward will be one hundred fold.

Perhaps being a ventriloquist would be better—we could whisper when blocking is necessary. Let's whisper it now. BLOCK all the TIME and every TIME.

Baquet did some nice broken field running for that eighty yard run, and we also saw some nice blocking. Remember that Red Grange never went anywhere, unless he got some blocking; Marchie Schwartz needs blocking also.

A good pair of legs, a decent set of eyes, a good strong arm will allow any one to carry a ball—but blocking brings the yardage.

Our little friend Synthe is some "slings" and "shoots" you know, not hit so many penalties, Smythe, Toarmina, Roth and Roth would have shown the regulars how to make scores.

CHANCERY SUMMONS

THE STATE OF MISSISSIPPI: To G. M. SILVERBERG.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the Second Monday of November, A. D. 1931, to defend the suit No. 3436, in said Court of Mrs. May Silverberg, wherein you are a Defendant.

This 24th day of September A. D. 1931. (SEAL) A. G. FAVRE, Clerk.

NOTICE TO CREDITORS.

Executrix's notice to creditors of H. S. Weston, Deceased.

Letters of Administration having been granted on the 6th day of October, 1931, by the Chancery Court of Hancock County, Mississippi, to the undersigned upon the estate of H. S. Weston, of Logtown, Hancock County, Miss., deceased, notice is hereby given to all persons having claims against said estate to present the same to the Clerk of said Court for probate and registration according to law within six months from this date or they will be forever barred.

This 19th day of October, 1931. MRS. LIZZIE A. WESTON, Executrix.

## SPORTS AT STANISLAUS

Stanislaus Downs Purvis Aggies—Junior Team Beat By Bay Hi 2nd Team.

Last Saturday Stanislaus downed the Purvis Aggies by a score of 26 to 0. We will hazard a guess that had the regulars remained in for the whole game, the score would have reached the half-century mark.

We all know of the skill and prowess of our regulars, but let us dwell for a moment upon the brilliant playing displayed by our "Midget Backfield" Saturday. Toarmina, Smythe and the "Roth Brothers" comprise this little clique, and they showed us some real form. Every one of them got away for some long runs, and we certainly sympathized when the ball was brought back for penalty after one of those runs.

The Junior Yard Team played a game against Bay Hi's second team Thursday. Even though the Juniors outplayed the High School they lost when a touchdown was scored in the last few minutes of play. The Juniors made six first downs to Bay Hi's none.

Gonzales and "Dimples" Sandoz starring for the Juniors. Ladner starring for Bay Hi. Gonzales featuring on end runs and tackling also. Billy Quinn doing a great bit of tackling and others.

The Juniors accepted defeat cheerfully and congratulated the winning team.

The Junior Team is to have a game Thursday with Kiln at Kiln. Kiln was once defeated by the Juniors, but promise to give them a better game this time to strengthen their line up.

Have you got a line—no, I don't mean that kind of a line, either. Ask Warren-Easton; you might also ask Springfield, Hobbs, Weatherford and Reine in the middle of the line just smile with joy when the opposing backfield pick on them. It just means another tackle for these boys.

"Ambition" Loch has that encomium realized when an opponent tries an off tackle play and how Daigle just delights in grabbing an arm-full of legs.

We have two little ends this year who seem to think no one should pass their way and certainly they try to live up to that—Ancrade and Artigues are about as big as pint buckles, but both seem to be able to grab anything—and they can block out any size. Watch them next game. I am sure blocking is going to be one of the outstanding features of Saturday's game with Ellisville.

The Third Squad went down to defeat at the hands of the Gulfport High Freshmen last Thursday. 10-day, Thursday, they are over at Gulfport and are confident of turning the tables. Perhaps, a bit of experience has done them some good.

Purvis played Stanislaus the fifth game of the 1931 schedule and the Aggies lost was the fourth to leave with the short end of the score.

Jones County Aggies from Ellisville will be next. They come with "beaucoup" beef. They carry two little tackles weighing about 190.

These corn fed boys even though they be light, can certainly make a fellow grunt when they tackle. Of course, they can have a heavy sign of relief when a Rock tacker hits—or, rather when he goes back to his place.

We are seriously considering the buying of a portable broadcast set. No, we don't want to send out to the world the wonderful ball carrying abilities of this one or that one, we just want to tell of the hard blocking done by the backs and ends and guards.

Perhaps being a ventriloquist would be better—we could whisper when blocking is necessary. Let's whisper it now. BLOCK all the TIME and every TIME.

Baquet did some nice broken field running for that eighty yard run, and we also saw some nice blocking. Remember that Red Grange never went anywhere, unless he got some blocking; Marchie Schwartz needs blocking also.

A good pair of legs, a decent set of eyes, a good strong arm will allow any one to carry a ball—but blocking brings the yardage.

Our little friend Synthe is some "slings" and "shoots" you know, not hit so many penalties, Smythe, Toarmina, Roth and Roth would have shown the regulars how to make scores.

CHANCERY SUMMONS

### NOTICE OF TRUSTEE'S SALE OF LAND UNDER DEED OF TRUST.

Whereas, on the 23rd day of February, A. D. 1929, Ed Springer and Nettie Springer executed and delivered unto T. W. Davis, as Trustee, a deed of trust for the use and benefit of the Edwards Hines Yellow Pine Trustees, of Chicago, Illinois, on lands hereinafter described, to secure an indebtedness therein mentioned, which said deed of trust is recorded in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, in Land Mortgage Records, Volume 24, pages 269, 270 and 271, and;

Whereas, default has been made in the performance of the conditions of the said deed of trust, and the Edwards Hines Yellow Pine Trustees has declared the entire debt fully due and payable, and default remaining, and the indebtedness remaining unpaid, the said Edwards Hines Yellow Pine Trustees has requested me as trustee to foreclose the deed of trust for the sale of the lands therein conveyed.

Therefore, notice is hereby given that I, T. W. Davis, the undersigned trustee, will, on

MONDAY, THE 2ND DAY OF NOVEMBER, A. D. 1931,

offer for sale and will sell at public auction to the highest and best bidder for cash at the front door of the Court House in the Town of Bay St. Louis, Hancock County, Mississippi, within legal hours for such sale, the following described land, situated in Hancock County, Mississippi, to-wit:

The Southeast Quarter (SE 1/4) of the Northwest Quarter (NW 1/4) and the Southwest Quarter (SW 1/4) of the Northeast Quarter (NE 1/4) of Section Fourteen (14) Township Seven (7) South, Range Fifteen (15) West.

I will convey only such title as is vested in me as such Trustee, which I believe to be good.

Witness my signature, this 8th day of October, A. D. 1931.

T. W. DAVIS, Trustee.

### NOTICE OF TRUSTEE'S SALE.

Whereas on August 18th, 1930 Leonhard J. Lee, executed a Deed of Trust to W. J. Gex, Jr., Trustee, to secure an indebtedness to the Merchants Bank and Trust Company, which Deed of Trust is recorded in Vol. 26, pages 128-3 of the Records of Mortgages and Deeds of Trust on land in Hancock County, Mississippi, and

Whereas, the said indebtedness so secured is just due and unpaid, and said Merchants Bank and Trust Company, under the provisions of said deed of trust did on October 12th, 1931 appoint Ethel H. Gex, as substituted trustee in the place of W. J. Gex, Jr., Trustee, which appointment was in writing and is duly recorded in Vol. 27, Page 27 of the Records of Mortgages and Deeds of Trust on land in Hancock County, Mississippi,

Whereas said Merchants Bank and Trust Company having requested me, the undersigned Substituted Trustee to foreclose said Deed of Trust, Now, therefore, I will on

MONDAY, NOVEMBER 2ND, 1931

between the hours of 11 A. M. and 4 P. M. offer for sale and sell to the highest bidder for cash, in front of the County Court House Door of Hancock County, Mississippi, the land situated in Hancock County, Mississippi and described in said Deed of Trust as follows:

NE 1/4 of NW 1/4 of Section 9 Township 6, S. R. 15 W.

I will convey only such title as is vested in me as Substituted Trustee which I believe to be true.

## REMODELED ECHO BLDG., IS FORMALLY FINISHED —ACCEPTED BY OWNER

Newspaper and General Service Building, Recently Reconstructed, Is Turned Over by Contractors and Accepted by Supervising Architects.

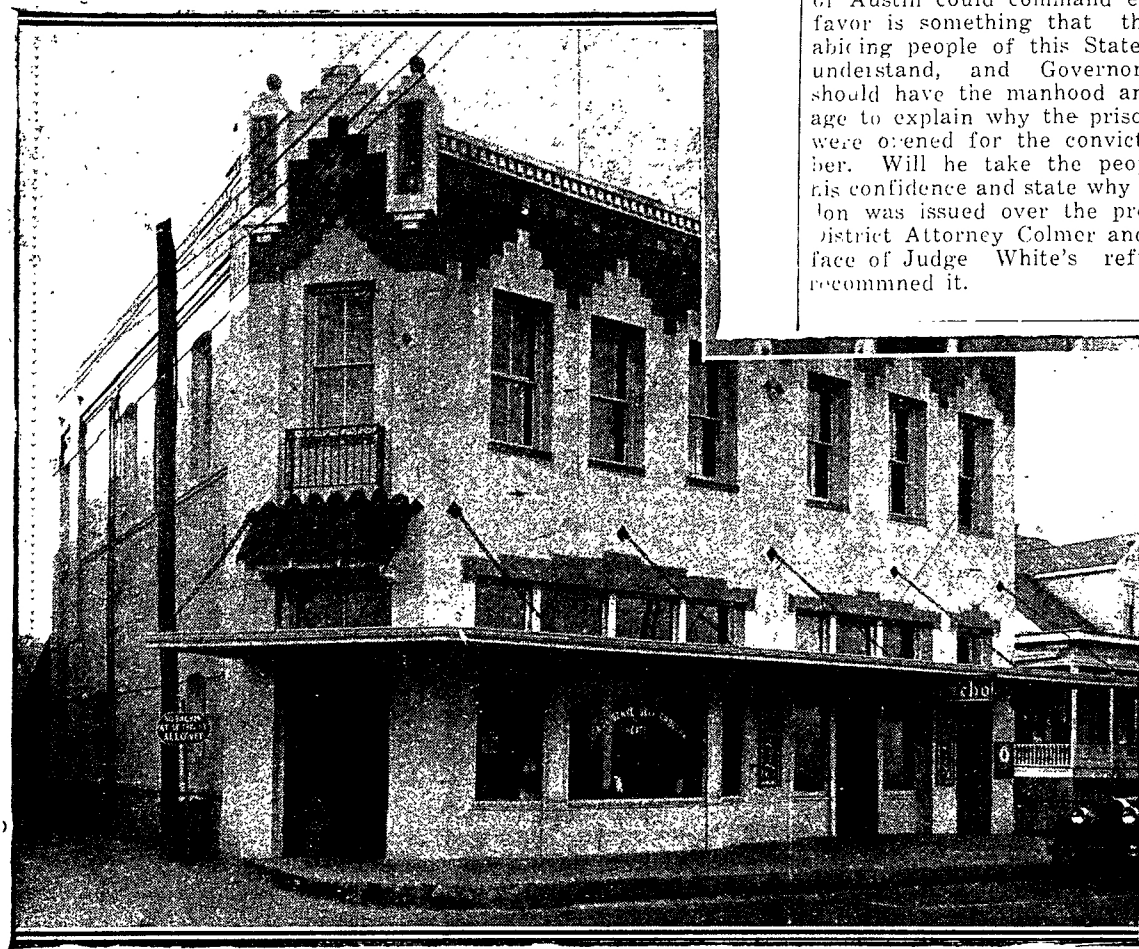

(Continued from page 1)

ty Bank being the other. The brick work was done by the late S. P. Driver and after twenty-six years it was declared by present day contractors to be of the finest brick masonry work possible.

The Echo Bldg. was the first newspaper-owned building in the State of Mississippi. Col. R. H. Henry, of the Clarion-Ledger said at

lines of the building would resolve at the end into nothing but the old building back into its original good shape but entirely out of date and far from modern.

It was then the services of Smith & Norwood, of Gulfport, were requisitioned and the plan of the reconstructed building decided, that more of the Persian or Moorish coloring rather than the Spanish. Accordingly such plan was adopted and

RECONSTRUCTED HOME OF THE SEA COAST ECHO  
New Business and Service Building Bay St. Louis, Mississippi.

the time, and served as an inspiration. It was not long after that the Clarion-Ledger at Jackson was housed in its own building. However, since then a larger and finer building was constructed by the present owners, Messrs. Holcomb Bros.

The Echo Bldg., was primarily constructed as an office building, that is on the second floor. W. J. Gex, E. J. Gex had offices in the Echo Bldg., and it was while domiciled in this building they first built the foundation to the success that has come to them.

Other attorneys and doctors had offices in the same building. Dr. R. de Montaigne, well-known and eminently successful for several years had his offices at the same location. Later the Cumberland Telephone Company moved into part of the second floor of the Echo Bldg. Then later the balance of the office suites were leased for a number of years to the Imperial Naval Stores Company of which the late R. R. Perkins was president. This company operated over the county and its business was of gigantic proportions. Its domicile remained with the Echo until its beloved president passed away and the company finally dissolved.

Some time back the Bell Telephone Company, succeeding the old Cumberland Company, negotiated for the entire floor of the second story of the building and subsequently a lease for a long term of years was executed and the company at its own expense reconstructed and remodeled the interior of the second floor of the building for its own uses and purposes.

The building having seen a quarter of a century, having been subjected to the ravages of time and it was decided many repairs and replacements were necessary. To do this without changing the architectural

## PARDON BY GOVERNOR BILBO SEVERELY CRITICISED BY OFFICIALS

Louis Austin, Serving Ten-Year Sentence, Liberated; Judge and Dist. Attorney Did Not Favor.

Louis Austin, serving a ten-year sentence in the State penitentiary for a robbery committed in Harrison county, is once more a free man, thanks to Governor Bilbo who issued him a pardon about two weeks ago, and that, too, over the earnest protest of Dist. Attorney Colmer. Austin was arrested in Gulfport in company with the notorious Chicago gangster, Connie Ritter, now serving a life sentence in the Illinois penitentiary for murder. Upon what grounds Governor Bilbo based his excuse for extending clemency to Austin have not been made public and for that reason the pardon arouses more or less criticism. Just how a man with the criminal record of Austin could command executive favor is something that the law-abiding people of this State cannot understand, and Governor Bilbo should have the manhood and courage to explain why the prison doors were opened for the convicted robber. Will he take the people into his confidence and state why the pardon was issued over the protest of District Attorney Colmer and in the face of Judge White's refusal to recommend it.

## IRONSIDES' GULF VISIT DOUBTFUL

Southern Tour of U. S. S. Constitution, Including Mississippi Coast, In Balance

The proposed visit of Old Ironsides to Southern waters, which would have included the harbor of Gulfport and given every child and adult along the Mississippi Gulf Coast and interior an opportunity to have visited the historical frigate, is now in serious doubt and much disappointment will ensue.

School children from Bay St. Louis and the county, by the thousands would have journeyed to visit the vessel.

A press telegram from Washington, by Bascom N. Timmons, special correspondent to the N. O. States, sent his paper the following under date of October 26:

Abandonment of the Southern tour of the U. S. S. Constitution today became the liveliest issue in the controversy between the President and the Navy department over the resident's demands that the naval budget be slashed.

Despite denials of the White House that the cruise of Old Ironsides, retored by the pennies of American school children, was to end at Washington next month, the Navy Department refuses to countermand its recent announcement that the old frigate's visit to New Orleans, Houston, Galveston and other Gulf ports has been cancelled.

In response to the President's request that the Navy's budget be cut to the bone, the tour of Old Ironsides was cancelled and letters mailed out to the mayors of New Orleans, Houston and other cities on the tour's itinerary informing them that "in the interest of the naval economy program the tour of the 'Constitution' had to be abandoned." He pointed out that this would mean a saving of \$200,000.

Confronted today with the White House opinion, expressed by Theo. Joslin, the President's press relations secretary, that "President Hoover believes that the tour of Old Ironsides has too great an inspirational value to the country's school children to permit its abandonment," Secretary of the Navy Adams declared he had nothing to say beyond the fact that he hoped the Southern cruise could be made sometime in the future.

"The Southern cruise of the Constitution," said Rear Admiral Walton R. Sexton, chief of naval operations, who signed the letters sent out to the Gulf cities' mayors, "is more or less completely abandoned." The Navy department has received no orders from the White House to reverse the decision.

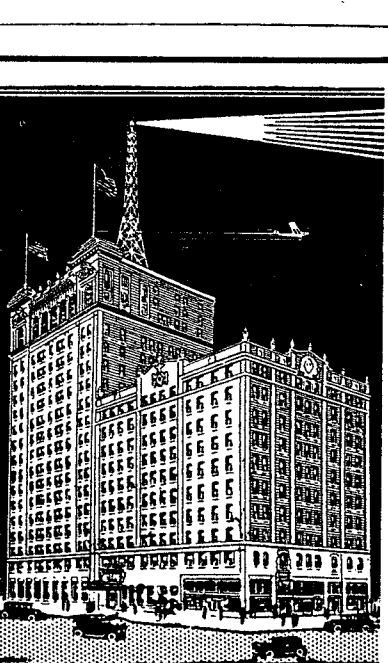

Reports here to the effect that Old Ironsides will end her cruise at Washington on November 12.

## MOSQUITOES AND MALARIA

When troubled with mosquitoes, look out for Malaria, for Malaria germs are transmitted by mosquitoes. Prevent Malaria by taking CHILLIFUGE now. The action of CHILLIFUGE is positive and salutary.

To relieve the sting of mosquito bites, use MUL-EN-OL.

Act now. Ask your druggist for both CHILLIFUGE and MUL-EN-OL.

## The Jung Hotel

## Sellers School Notes

The Girls' Glee Club, which was organized several weeks ago under the guidance of Miss Sibbel, treated us to a special number Friday afternoon.

The Second Year Home Economics girls are just completing attractive posters and notebooks on the Child Life Unit. They also had a club meeting and the following officers were elected: President, Ada Shaw; Vice President, Bernella Smith; Secretary, Vida Lee Wilson; Treasurer, Leo Shaw; Chief Reporter, Ethel Speas; Assistant Reporter, Henrietta Bond.

The members of the Senior English Class presented an interesting debate on "Resolved That Capital Punishment Should be Abolished." Whereas both the affirmative and the negative gave well supported strong points. The judges saw fit to render their decision in favor of the negative side.

The Sixth Grade made a Halloween booklet last week. The class was divided into groups of four, each group contributing one page.

The Fifth Grade will soon complete an interesting study of Europe. Every pupil is making a booklet of each country studied.

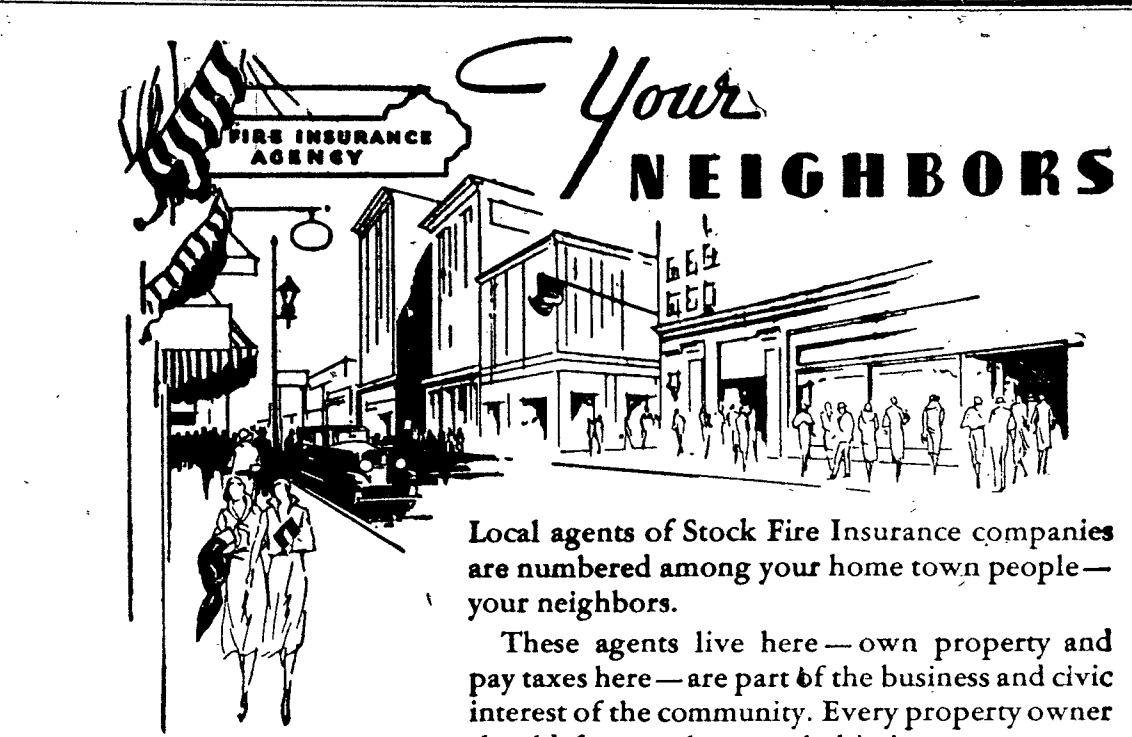

Professor Barker has decided to organize two new class clubs to be known as the "Stragglers" and the "Go-Getters." Every student making passing grades will be the Go-Getters; those making failures will be the Stragglers.

Posters will be published and placed in the Study Hall at the end of each six weeks, showing to which club each student belongs. Prof. Barker hopes through this system to create interest and encourage the students in their work.

Professor Barker and his Agricultural Boys have the courts in shape for the basketball squads to begin their practice.

The girls basketball team, under the supervision of Miss Causey, the new coach, is getting splendid daily practice and is very hopeful for a successful year.

Crayton Shaw, Lomey Smith, Oreas Ladner and Harvey Smith were among the Agricultural Boys who attended the fair at Laurel, Mississippi. And rumor tells us that Lomey Smith distinguished himself in Ninth Grade English by an oral talk on the subject, "Agricultural Exhibits at the Laurel Fair."

Local agents of Stock Fire Insurance companies are numbered among your home town people—your neighbors.

These agents live here—own property and pay taxes here—are part of the business and civic interest of the community. Every property owner should frequently consult his insurance agent.

The companies have large investments in this state. A very personal relationship exists between you and

## THE ECHO'S COOKING CLASS

Cakes, not accompanied by any dainty dessert are sufficient for a whole course. The most important part is the rich fillings and elaborate icings. Colored whipped cream and custard combined with nuts, candied fruits, jams, and jellies make up the best part of the cake. There are many uncooked frostings that are delicious. Try a one-piece dessert next time and see what an attractive cake you can make it.

### Graham Cracker Cake

1/2 cup butter,  
1/2 cup sugar,  
3 eggs,  
2-3 cup milk,  
2 dozen Graham crackers,  
1 teaspoon vanilla,  
1 teaspoon baking powder,  
1/2 cup finely chopped nut-meat.  
Cream butter and sugar until light, add beaten egg yolks, then the vanilla and the crackers crushed very fine and blended with the baking powder and nut meats. Fold in the stiffly beaten egg whites and bake in two layers in greased pans in an oven 375 degrees for twenty-five minutes. Put together with whipped cream and chopped dates.

### Angel Food Cake

1 cup egg whites,  
3-4 teaspoon cream of tartar,  
1/4 cups granulated sugar sifted,  
1/4 teaspoon almond extract,  
1 cup cake flour sifted once, measured and sifted 4 times,  
1/4 teaspoon salt,  
3-4 teaspoons vanilla extract.  
Pour egg whites into a large bowl, add salt and beat with egg beater until foamy. Add cream of tartar and continue beating until eggs are stiff enough to hold up in peaks. Fold in sugar, one tablespoon at a time. Add flavoring. Fold in the flour in the same manner as the sugar. Pour into ungreased angel cake pan and bake in slow oven 275 degrees fifty to sixty minutes increasing heat slightly when cake is almost done. Enlarge the opening in the center of the Angel cake. Ice the cake. Just before serving put the cake in a silver tray or any pretty china cake plate. Garnish with strawberry preserves. Fill the center with pink whipped cream to which has been added 1 cup of chopped almonds.

### Martha Washington Pie

1-3 cup butter,  
1 cup sugar,  
2 eggs,  
1/4 teaspoon vanilla,  
1/2 cup milk,  
1 1/2 cups flour,  
3 teaspoons baking powder.  
Cream butter and sugar, add eggs, milk and flour, baking powder, salt, vanilla. Bake in two layers, fifteen minutes, oven 375 degrees. Serve with cream filling.

### Cream Filling

1 cup milk,  
1-3 cup flour,  
1-3 cup sugar, vanilla,  
1/4 teaspoon salt.  
Scald cup of milk, make a paste of the flour (with a little water). Add to scalded milk. Let cook in double boiler about twenty minutes. Beat the egg, add sugar and salt. Pour into milk and cook until thick. When cold add vanilla. Put between the layers of cake. Dust top layer with confectioners sugar. Serve cut pie.

### Potato Puffs

2 cupfuls rice potatoes,  
2 tablespoons butter,  
2 eggs,  
1/2 cup milk,  
Salt and pepper.  
Stir the butter into the potato, add the well beaten egg and then the milk Season to taste. Beat well and drop by spoonfuls 2 inches apart on a greased pan. Bake in a quick oven until brown, serve hot.

## CURRENT COMMENT

AT Yorktown, in the State of Virginia, they have just celebrated the surrender of Earl Cornwallis, an event which terminated the War of the Revolution. The President of the United States, representatives of the British Government, the soldier of the Confederacy, and his sometime antagonist from the North mingled there. A day existed when General Washington would not have hesitated to put a bullet, personally, through an Englishman on the same ground, and a British galleon, would have been erected promptly, had a high official of the United States been captured in the domain now brought into prominence. A rapidly dwindling but still numerous company can remember when Virginia was a poor place for a man from Maine. The healing attrition of time is a familiar and much-discussed but by no means threadbare subject.

### IN DOUBT AS TO NUMBER THIRTEEN.

Thirteen votes cast by the League of Nations enable the United States to sit in council on the Chink-Jap disagreement. Thirteen is a bad number and of course means trouble for someone. The friends of the league, its opponents, the Japanese, the Chinese, somebody in any event, is hoodooed. There must necessarily be a losing party and he will have the satisfaction of being perfectly sure that, although in the right, the number thirteen cooked his goose.

### THE MIND THAT TRAVELS EASIEST PATH.

In four days, three prisoners hang themselves in one penitentiary. The mind that travels the easiest path will assume that they had been abused. The conclusion may be correct, but it is not justified by the mere report of three suicides closely connected by time interval and a common restraining environment. The conclusion to be drawn most safely and certainly is that self-murder is a communicable disease. If word of the first man's doings had not been spread abroad, the other men very likely would still be alive. A wise person can serve society by finding some way whereby not only the details of the act of suicide, but also knowledge of the very fact that it has occurred, may perish as promptly as the physical existence that has been closed.

### HOUSE IS NOW DIVIDED FIFTY-FIFTY.

Through the death of a Representative in Congress, the House again is divided equally between the two great political parties, with one representative who can be claimed by neither, and a half dozen vacancies to be filled. Regardless of how the matter is settled, the dog will continue to wag the tail, but since the House is divided half and half, and separated by a small and uncertain balance of power, the leaders on both sides are uncertain whether they will form the body of the animal or the waving appendage.

### THIS MIGHT HAVE HAPPENED IN BAY ST. LOUIS.

There are so many folks in New York City, and so many strange things taking place there every minute, that any weird and unusual record is likely to be broken by a Gothamite at any time. The hard luck record is the latest to be surrendered to Manhattan. New York woman was robbed of a dollar and a half which she acquired by pawning her wedding ring.

### HOW A HUNGARIAN COURT DID IT.

A Hungarian Court at four o'clock convicted a man of robbing a bank, and he was hung at six. The robbery was accomplished in rough bandit style. It is not stated whether inside jobs are punished in the same manner. Perhaps they ought to be, both in Hungary and in the United

States. Enough deaths, directly or indirectly, follow the failure of a bank, so that the person responsible is not far removed from the crime of wilful murder.

### EVERY LIGHTED LIGHT A SYMBOL OF GLORY.

Thomas A. Edison is gone. Every electric lamp that is switched off will be a memorial of his going, and every electric lamp that is lighted will be a symbol of the risen glory that awaits a good and useful man.

### FIFTY YEARS AGO—THEN AND NOW.

A progressive state has constructed nine hundred miles of road within a few months. It would have taken an explorer longer than that to pass over the territory a hundred and fifty years ago. We can build roads today faster than people could travel the same ground at the time of the Declaration of Independence.

### THIS OLD WORLD.

Thousands of years showing them how Struggling through laughter and tears. Thousands of years mopping his brow And fighting through fumes and tears.

Hearing the laughter of fools. Going ahead with his task Sharpening his working tools And has no special mark.

The waters make a little-sounding More sweet than music far Oh! let me stroll around the world To where the fairies are.

In fact a child would never dream Of the unseen things I can see And how a thing is very large Looks very small to me.

In spite of the trials that trouble us all In spite of the world's anguish and call. However we grumble at things we still own Some memories saddened we are glad to have known.

In spite of the troubles we all have to meet And the odd tasks we must do To relieve the aches and to pay for the pains Still some beauty and splendor remains.

We always find some memories glad Built of the joys and trouble we have had We fuss at our troubles and sometimes sigh As if never his sun shone in the sky.

5 Houses to rent. Apply Mrs. E. Boudin, Third St.

Miss Grace Lee Hart of Meridian who is State publicity director of the King's Daughters, is spending the week here, the guest of her brother, A. R. Hart.

Miss Jennie de Benedetto has returned home after two and a half weeks' vacation visit in New Orleans. Her sister Miss Mary di Benedetto, has come to New Orleans for a visit.

Mrs. E. J. Calogno, and her daughter, Mrs. C. A. Baptiste and the latter's bright young son C. A. Jr., of New Orleans were week-end guests of Judge J. A. Breath and Mrs. Lydia Eagan.

Miss Helen Strahan of Pearlburg is enrolled as a student nurse at the King's Daughters Emergency Hospital. Her sister, Miss Ethel Strahan, now a student nurse at the Gulfport hospital, was at the Bay St. Louis hospital last year.

One fine Large Hog for sale.—Boudin's Store, Phone 58.

Mrs. Horatio S. Weston, who has been visiting on the Coast and back home at Logtown, the guest of her daughter, Mrs. Russell, at Biloxi, has returned to Jackson, where she will visit with her other daughter, Mrs. (Dr.) Segura.

Mr. and Mrs. Ralph Rugan have moved into the former home of Dr. and Mrs. Alvah P. Smith on the fashionable beach front and are "at home" to their friends. They were formerly domiciled in Bay View Court Street.

Mr. and Mrs. E. J. Bozonier and young children will leave next week, closing their home here in Citizen street, regretting that business compelled more time from Mr. Bozonier than formerly. They will be missed and their moving away is regretted.

Charlie Labat, well known colored man, was badly injured a day or two, since by being knocked from a ladder on which he was standing while trimming a tree. A falling limb struck the ladder and threw him to the ground. His injury consists of three broken ribs and a crushed shoulder blade.

Young Blackberry Bushes for sale at Boudin's Store, Third Street. Telephone 58.

Rev. Wm. J. Leech, beloved and popular pastor of St. Paul's Catholic Church at Pass Christian, recently returned from a circle-tour of the east coast of America and Canada, was a visitor to Bay St. Louis Wednesday and broke bread with the Rotary Club, of which organization he is a past president and a very active member. Father Leech speaks of his trip (by auto with a party of friends) as one of the most interesting possible.

—Mrs. Edw. C. Carrere and mother, Mrs. A. Claverie, were registered at the Buena Vista, Biloxi this week for the state convention of Mississippi Branch of the National Council of Catholic Women, which convened in that city Sunday and Monday and in which Mrs. Carrere, recent National delegate was a moving spirit.

—Coach Grady Perkins of St. Stanislaus College attended an athletic conference in Laurel last Friday night. He was accompanied by Messrs. Rupert Wentworth and Julio Andrade, and made the trip by auto, leaving here at 5:30 p. m. and returning at 2:30 the following morning.

—Mr. and Mrs. John Bryan and sons Jack and John, who have been at their summer home in Cedar Point, will return next week to their New Orleans home at Fern apartments, St. Charles Avenue, for the winter. She will be missed greatly by a large circle of friends. Several courtesies including one table bridge were given for her preceding her departure.

—It is gratifying to the friends of Marchmont Schwartz to read the many complimentary notices appearing in the sports columns of the daily press concerning his prowess on the football field. Some of the sports writers declare him to be the star player of the United States, and such declaration of course is particularly pleasing to every local football "fan."

—Three Show Cases for sale—\$10.00 and \$15.00. Boudin's Store Third St.

—Dr. A. R. Robertson, leading citizen of Pass Christian, accompanied by Mr. Westcott, agricultural representative of the L. &amp; N. R. R., with headquarters at Pensacola, participated in the Rotarian luncheon Wednesday. Mr. Westcott is interested in the possibilities and immediate preparation of growing strawberries in Bay St. Louis and Hancock county.

—Noted at the Biloxi district of the Natchez Diocese Council of the National Council Catholic Women convention Sunday were Mrs. E. J. Lacoste, Mrs. E. C. Carrere, Mrs. Claud Monti, Mrs. L. S. Bourgeois, Mrs. A. K. Roy, Mrs. J. D. Nix, Mrs. O. M. Villere, Mrs. Harry Zimmermann, Mrs. Charles B. Mollere, Mrs. Douglas Bourgeois, Mrs. John P. Morre, Miss Elsa Mauffray, Mrs. Donally, Rev. Father Costello, Mrs. C. G. Moreau and others. It will be noted Bay St. Louis was well represented.

—Fine Cabbage Plants—Collards and Onion Plants, for sale at Boudin's Store, Third St. Phone 58.

Rotogravure section of the Denver Post, Sunday morning, October 18, contains an illustration of local interest, a Bay St. Louis picture, taken at the home of our townspeople, Mr. and Mrs. L. S. Elliott of 124 Union street. The title of the picture refers to "Way-Down in Dixie," and shows two of the Elliott children, Julie and Margie Mary, seated at a miniature table on the front lawn each apparently engrossed in a copy of a newspaper. The photographic likeness is striking and the scene is both interesting and picturesque.

**WORK AND PLAY AT S. J. A.****COAST UNION OFFICERS' MEETING.**

The "Union of the Gulf Coast Sodality" met at S. J. A. last Wednesday night, October 21. The meeting opened with a prayer by our pastor, Rev. Fr. Gmelch, after which the minutes of the last meeting were read and approved.

Each of the Sodality gave a report of the work it had accomplished since the previous meeting. Several suggestions were made as to what was to be done during November.

As November is the month of the Poor Souls it was decided that weekly, each member of the various sodalities should go to Mass and Holy Communion for the Poor Souls on the day most convenient to the individual sodality.

A suggestion had been made at the last meeting that a one day conference be held by the Coast Sodality. It was decided at last week's meeting that the conference be held at Bay St. Louis and that it take place either on the second or third Sunday in February. Discussions were opened in regard to study clubs and committee meetings.

Father Gmelch addressed the Sodality at the close of the meeting. He congratulated them on the work they were doing and spoke of the "Book Rack" as an excellent Sodality activity. After the meeting the Sodality members were entertained by a few numbers. Charles Jesse of St. Stanislaus played several numbers on his accordion. Eight girls from the Academy sang "The Rosary." A poem was recited by Lorraine Quintini and Yvette Telhiard sang, "For You" accompanied by Louise Lowe at the piano. After the entertainment refreshments were served and then the Sodality returned home.

Mrs. George R. Rea will shortly leave for Clarksdale, where, as third vice president of the Mississippi Federated Clubs, she will attend the first district meeting of the music federated clubs, to be held at Clarksdale, November 2 and 3rd.

Mrs. Rea has appointed Mrs. W. W. Stockstill and Miss Margaret Green vice chairmen for the third district, which embraces the territory from Pearlville to Biloxi, the duties of these ladies are many and of much responsibility.

**John B. Blaize of St. Stanislaus Is Essay Prize Winner**

John B. Blaize, younger son of Mr. and Mrs. Reginald N. Blaize, and a senior at St. Stanislaus college, was the successful essayist in the N. O. Times-Picayune weekly contest among students as to the best writer of a subject of the week's biggest news.

Young Blaize, of his own initiative wrote of Edison, his death, and among other things said the wizard's inventions were of more value and outstanding because Edison lived during an age of world-wide development and activity without parallel. In addition to the honor and recognition of his ability as writer, and the prize he has brought to St. Stanislaus, he won the first cash prize of \$10.00. The Echo is naturally very proud of this young Bay St. Louisian.

**LETTERS FROM THE PEOPLE****RUSH GULF COAST SHORT-CUT URGES WRITER—HOLDING AUTOISTS CANNOT RIDE ON PROMISES.**New Orleans, La., Oct. 21, 1931.  
Editor N. O. Times-Picayune:

I note, with pleasure, mention of the short route to the Gulf Coast, and I feel sure that this is the opportune time to keep the iron hot on this issue, that has so long been made a political football, and if agitated enough, I feel, that in view of the state campaign soon to become in full swing that action can be had upon this important road or national trail.

This short route to the Gulf coast requires but 10 miles of road in Louisiana and about 4 or 5 miles in Mississippi. The portion in Mississippi is all over high ground and could be put in readiness for traffic in three months, while Louisiana claims that three years would be required for its portion. With the modern method of filling and packing, it is my belief that Louisiana could have traffic going over this road within one year, if work was started at once; granting, though that it would require Louisiana two or three years in which to complete their portion of the road, all the more reason that this project should be started at once.

There is no obstacle in the way because of right of way. This can be acquired without trouble, and the Mississippi Legislature passed a law making this a part of their first highway project, to say nothing of Hancock county having assured a committee which was supposed to be representing Governor Long, who is the Louisiana Highway Department, that they were ready at any time to de-fray Mississippi's share of the cost immediately.

After the above assurances given by Mississippi, the Hon. Governor imposed another condition, that is to hard-surface the present road and this work is now under construction and is being hard-surfaced.

There is no question that the state of Mississippi is ready and more than willing to build their part of the short route, which will offer safe, pleasant drive for the New Orleans motorists who are paying millions of dollars in taxes, direct and otherwise, and by virtue of this taxation, are entitled to an outlet from the city, and would foster closer trade relations with this fertile Gulf coast territory, and would bring thousands more tourists this way than come this way now.

I think it opportune to press this matter to a successful conclusion. We can't ride on promises, it requires roads, and it is unfair to the public of New Orleans and the nation as a whole to allow this matter to be held up longer; and with the proper push behind it, it can be had right away.

Any publicity you will give to this matter will be gratefully received by not only New Orleans motorists but by the nation.

Let us get this short route under way right now. Don't allow our highway department to side step the issue any longer; there is no foundation for the alibi that Mississippi is not ready to meet us.

NEW ORLEANS MOTORIST.

FEDERAL SALES TAX VICIOUS AND UNECONOMIC, SAYS CORRESPONDENT

Picayune, Miss., Oct. 24, 1931.  
Editor Sea Coast Echo, Bay St. Louis, Miss.  
Dear Sir:

The Sea Coast Echo has come to me regularly now for several years. I think the Echo one of the best weekly papers I have ever read and know that it is wielding a good influence in your town and county.

In this week's issue there is an editorial which I construe to mean that you favor the imposition of the sales tax by the Federal government. I am going to outline below a few reasons why I believe that the general sales tax such as we have in Mississippi is the most unjust of all taxes and if added as another source of revenue by the Federal government would bear most heavily on the poorer classes of people and would tend to exterminate the small independent merchant in favor of the big chains and big department stores.

1. The sales tax is a tax on turnover, the most important principle of present day merchandising, it is a direct tax upon progressive methods. For instance, two merchants are in the same line. Merchant A wants to fulfill his position as a distributor as efficiently as possible and sets out to do \$200,000.00 business and make \$4,000.00 net, or 2 per cent. His competitor also wants to make \$4,000.00 but decides that he does not want to handle his business on so close a margin, so he decides that he will try to make 5 per cent and sell \$80,000 in merchandise. With the same earnings, the first merchant will pay a sales tax of 1 per cent, of \$2,000.00 whereas the 2nd merchant will pay only \$800.00. The grocer who whose turn over is say 8 times per year will pay 8 times the tax of the jeweler whose turn over is probably 1 time a year.

2. The sales tax has to be paid regardless of whether the merchant has made anything or not. This year many merchants, I might say most merchants have lost money because of the great fall in prices. The merchant may have lost money, in fact he may have lost practically everything he has, yet the sales tax violates the fundamental theory of all taxes and that is, the ability to pay.

3. The sales tax benefits the chains in opposition to the independents. The chains buy direct and distribute their goods to their thousands of different stores and hence pay the sales tax only once. The independent dealer buys from the jobber and the jobber from the manufacturer and the manufacturer from
